Ceremony at Potters Hill Labyrinth

On Monday morning, March 16th, a group of us, including Noeline Vaughan (wife of Richard), walked up Potter's Hill to the labyrinth. There, Aunty Kris Schaffer, Tasmanian Aboriginal Elder, performed a moving ceremony of Welcome to Country and a traditional Smoke ceremony.

Aunty Kris has a deep knowledge of botany as well as edible plants and conducts educational programs in Care for Country. She emphasized the link between our labyrinth here at South Arm and two others located along the Aboriginal Songlines. Windsong labyrinth is located up on the East Coast, and Windgrove is on the Tasman Peninsula.

Also attending were Richie and Dave, two of the Council team, who worked on sensitively rebuilding the labyrinth for us, assisted by local Sheila Hale and Virginia Vianna (Richard's daughter) The result of their craftsmanship is magnificent and deeply respectful of the first iteration by artistically including all of the original stones carried up there by locals.

Thank you to all involved in the labyrinth for creating a beautiful and spiritual place in an already spectacular location!

PS We hope to entice Kris back to our community to further share her culture and knowledge.

— Kerry Scambler

Peninsula Volunteers Take a Bow!

At time of writing, it is National Volunteer's Week - which prompted us to say, on behalf of the Peninsula, a huge thankyou to ALL the volunteers, right across our Peninsula.

We think there must be *hundreds* of you!!

Firies, CERT, Community Bus and Cancer Transport drivers, SAPRA, RSL Sub Branch, Bowls, Golf, RSL, and Surf Lifesaving and other club committees, Coastcare Groups, P&C, Rotary, Play Group, community groups, Red Cross, Wildlife Carers, Scouts, Foster Parents and people who just do stuff!

No doubt there's more of you out there. **Big thanks to one & all!**

Despite Covid19 we've been busy... getting others to do the work!

John (Snappe)r Hughes and his team completed the Spit Path which has proven popular with walkers, runners, prams and cyclists. Funded through the Tasmanian Community Fund to provide a dedicated hard surface path to prevent dune erosion and improve pedestrian access along The Spit. It's not over yet – watch this space. We have sourced some creative, local artworks to place along the Dune Spit Track!

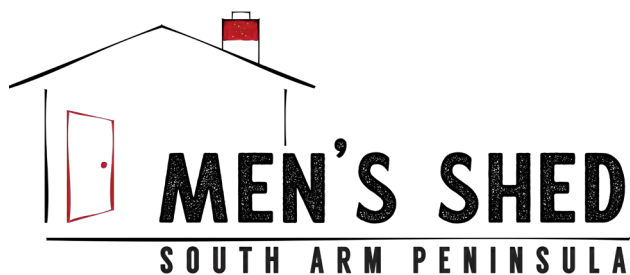

Social distancing restrictions prevented us from undertaking our May working bee so we utilised instead the services instead of TasFlora to undertake weeding and revegetation work along the dune. Fingers crossed we can do our September working bee. Get in touch if you'd like to be involved (in big or small ways).

- *The Pipe Clay Coastcare Team*

Men's Shed Update

After a great start to our local Shed project, COVID-19 significantly dented progress impacting meetings, gatherings, Council and community liaison and, well everything!

But, we remain confident of community and Council support as Men's Sheds, always important for social and mental health, will now be a critical part of our post-Covid19 community recovery. Through a supportive letter from Mayor Chipman, Council has outlined the community consultation process and we still aim to apply to the Tasmanian Community Fund in September for grant funding.

As restrictions ease, the Shed Committee and Members (currently 27) will be safely gathering to connect, discuss Shed plans and restart fund-raising.

If you want to join, know more or support the Shed in any way, please contact us.

Men's Shed enquiries: Robin 0408 446 249 or Steve 0419 339 415 | email: mensshed@southarm.tas.au

Club Dining-in is Back!

The Club Committee, Tony, Judy and the staff thank our wonderful community. Your support for takeaway meals and drinks has kept the Club trading.

We can now welcome a limited number of diners to enjoy table service and fabulous food on a plate, not from a container! The following times currently apply:

Dinner (7 days) Sitting 1: in by 5.30 / 6pm, out by 7pm
Sitting 2: in by 7pm / 7.30pm

Sunday lunch - please check with us available times.

BOOKINGS ESSENTIAL – 6239 9171

Please note that the stand-alone bar service is not permitted as yet.

Takeaways still available 7 days a week – menus on www.southarm.tas.au or follow us on Facebook.

Rediscover the Walk to Iron Pot Lighthouse

To begin this walk, drive to the children's playground at the end of Blessington Street. Park your car and take the track onto the Fort Beach.

From here you walk the length of the beach and what you see there is Cape Deliverance. It is here that you take the track leading up the bank onto the Cape.

At the top of the track there is a sign please take note as to what you can do as the property here is under surveillance by security officers.

Provided you stick to the tracks you continue to the top of the rise and here you can view and observe the LONE PINE Monument, dedicated to those men who lost their lives at Gallipoli.

The Iron Pot lighthouse you can see was built in 1832 but has been many changes since that time.

The house we see here was built in 1885. When the light became gas operated the keepers left and the home was removed in 1921.

Iron Pot Lighthouse 1840

SOUTH ARM COMMUNITY CENTRE
9 CALVERTON PLACE

No Sign of Tee off at Arm End

The proposed Arm End golf course was first approved by Clarence City Council in April 2013 but the proponent has not started the development after more than 7 years. The pipeline was approved in April 2019 but it also has not started.

Over the last year the proponent has repeatedly announced the imminent commencement of the golf course and pipeline only to have the deadlines pass with no work occurring. The reason for this is that a long list of permit conditions are yet to be delivered on by the proponent.

In the May 2019 edition of the South Arm News, the proponent said the pipeline would start in 3-4 months, meaning August or September 2019. Nothing happened.

In the Mercury on 3 August 2019 they said a start would occur at the site (meaning Arm End) in 3-4 months but November came and went and no construction occurred.

In the Oct-Nov 2019 edition of the South Arm News they said construction would start in 3-4 months, meaning December 2019 to January 2020. They have put up what they claim is a site office but no golf course construction has occurred.

In a 14 February 2020 Mercury article the proponent said pipeline works would start in 5 weeks. This deadline has now been abandoned, with the proponent erecting a sign at Arm End saying the pipeline construction may take place in April or May or after 15 November to avoid the handfish breeding & spawning season.

On 21 April 2020 we received a letter from Ross Lovell, Manager of Planning at Clarence City Council clarifying that in relation to the golf course only one permit condition had been satisfied, the production of weed management plan, and the following conditions had not been addressed: Engineering designs required by condition 10; Erosion and Sediment Control Plan required by condition 11; Landscape plan required by condition 16; Environmental Management Program required by condition 20.

Similarly with the pipeline, we received a letter from Council on 2 April 2020 stating that a long list of documents are yet to be submitted to Council for approval. Both letters are on the RITE website.

Please stay posted - www.rite.org.au - for our scheduled launch of our low impact vision in June, time dependent on COVID-19 restrictions. RITE has a low impact development vision for Arm End Reserve. This has been developed with the community and envisages sight sensitive rehabilitation with facilities such as toilets, picnic shelters, seating and viewing areas.

Arm End Update

Arm End has set out an area of around 3.6ha exclusively for a Bird Sanctuary within the Public Recreation Reserve after consultation with Birds Tasmania. Dr Eric Woehler, the President had been onsite to advise. Arm End Project Manager Craig Ferguson said "On Eric's advice we will be erecting a 1.2 m high fence – which will hopefully exclude both people and dogs from the area. It includes most of the low coastal land known as the Spit at the Northern End of Arm End," Mr Ferguson said.

"The fence will run along the foothill to the west of the spit and northern around the next little cove area to protect the birds which gather in the area, but particularly at the end of the Spit."

Bird watching and interpretation areas near the public walkway will be created in the future, overlooking the entire area.

Early preparation work has started on the public recreation uses such as the walking trails, lookouts, golf course layout, which will occupy some 40ha of the whole 120ha Arm End site.

"We have pegged out and rough mown the golf hole areas," Mr Ferguson said. "Our site masterplanners, leading landscape architects, Mogford + Crafter, are now finalising the detailed site plan landscaping design. We are also continuing the weed management works and maintenance of tracks as much as we can with Arm End shut due to COVID-19."

Mr Ferguson said Arm End hopes to commence the recycled water pipeline project in late November this year. "We are really excited about the environmental and economic benefits of bringing high quality irrigation water to the Peninsula."

- A.Mark Thomas, Director, M&M Communications

The Arm End and South Arm Pipeline projects are progressing very well. A project of this significance, requiring around \$10 million to complete, takes time to finalise fully. The water solution took some four years work through the approvals phase.

- The Arm End Public Recreation Reserve and Public Golf Course is on track to be completed and opened in 2022.
- Arm End has mowed the layout for the public golf course.
- We have erected a site office and adjoining sheds to continue the weed eradication and rehabilitation programs.
- Test drilling at Halfmoon Bay was completed in December 2019 and work has begun at Arm End, although progress has been impacted by COVID19 regulations.

With permit approvals achieved, there are logical and appropriate conditions for both the Arm End and South Arm Pipeline projects. We have ongoing discussions with all the regulators - Tasmanian Government, Clarence and Kingborough City Councils and Parks and Wildlife Service - to ensure all conditions are met.

We are committed to getting it right - for the sake of the projects, the environment and the community. As always, the community is invited to contact us directly for current information.

— Craig Ferguson, Project Manager | 0409 222 858 or info@armend.com.au

Cremorne Community Group Update

After successful events celebrating Cremorne's birthday and Christmas in Cremorne in 2019, Cremorne Community Group has had some quiet months. This said, Cremorne must be one of the better places to live through isolation, with easy access to the beach, a new Clarence City Council walking path on the headland north of the beach, and with the Pipe Clay Coastcare group successfully raising funds to improve walking access to the spit. Huge thanks to everyone involved in these projects.

Additionally, we must also give big thanks to those behind the Sculpture Trail competition that has revealed some great creativity hidden in our village.

The Cremorne Community Group is now preparing for the AGM (July or early August – date tbc). Some members of our committee are planning to step down at this year's AGM, so we are calling on community members who are interested in ensuring that our annual events will continue to put up their hands to lend a hand. The work load is not enormous, systems are in place to keep it going and those members stepping down are will pass on their knowledge to ensure a smooth handover.

If you are interested in helping out, please contact Sarah Meyer on sare Meyer@hotmail.com or Geir Rodven on 0412 305 794.

Cremorne's Sculpture Trail competition was created as a way to embrace the downshift necessitated by Covid-19. The results transformed the village, providing joy to participants & spectators alike.

A Huge Thank You

To all the wonderful people of South Arm, Opossum Bay, Sandford and surrounds who, over the Christmas period and the early months of this year kept their ears alert, their eyes sharp, and otherwise went out of their way to successfully help me find a replacement rental property. I didn't want to leave the area and all the friends and community connections I have made over the last 10 years, and I am very grateful and truly humbled by the number of you who thought it worthwhile making all that effort to help me to stay on the Arm. I have now relocated to Spitfarm Road where I look forward to making even more new friends here in Opossum Bay. Thank you all so very much.

- Richard Peniston-Bird

We're aiming for a Spring return for the markets!
The committee is monitoring public health advice.

Lockdown's not all bad!

On his 88th birthday in April, our local historian Maurice Potter wasn't getting hugs or shaking hands, instead he was staying home as part of the necessary restrictions imposed on our lives. Maurice has made the most of that time and we thought his positive attitude was inspiring and well worth sharing:

"I'm going well, plenty at home to keep me involved with. To be tied to home has been the best thing for me. Never thought that I would meet so many relatives online – uncles, aunties, grandchildren of the families, all spread over many states.

Plus, I have been using Zoom for an hour each Wednesday morning chatting with my coffee friends. The internet is a magical thing with all this new software. You should try it."

Maurice has also shared snippets of history with us on www.southarm.tas.au and more on his own site, <http://www.southcom.com.au/~pottermj/>

What's your story?

Libraries Tasmania has partnered with the Tasmanian Museum & Art Gallery (TMAG) in asking Tasmanians to share their stories and objects and we're sure there's plenty on the Peninsula! See <https://libraries.tas.gov.au/features/Pages/covid-19-stories.aspx>

And / or email saprapres@southarm.tas.au as we might do our own Peninsula collection!

SAPRA Update

What a difference a couple of months makes! Last issue closing down, now the first tentative steps to re-open are being taken, including access to our Parks & Wildlife beaches – YAY! But, what a rollercoaster it's been and will remain for a while yet so the SAPRA team remains ready to assist however we can.

Sale of St Barnabas Update

A short update to let everyone know there has been no further contact from the Diocese since earlier this year regarding the transfer of ownership of St Barnabas to the community since earlier this year. (As reported in the April edition).

Given the severe impact the Covid19 pandemic has had on all industries, business, recreational facilities and places of worship, we do not expect to hear anything further until life is closer to some semblance of normal.

Restrictions have also impeded the formation of the Management Committee but work will start in earnest as soon as group meetings can be held in person.

Donations and pledges are still being accepted – see the website or email us for details.

W: stbarnabas.southarm.tas.au

E: stbarnabas@southarm.tas.au

St Barnabas Church

The church building has had a rest. The Church is actually the people. Like all other churches no gatherings allowed. Our present Locum, Andrew Lake, who has had a very interesting ministry in all sorts of places, including Indonesia and Syria, and is very involved with the Leprosy Mission, has been busy keeping us in touch 'on Line'.

This has included Services every week, which can be viewed and entered into, other information, and printed reflections for those who don't have the Internet.

The Website is stthomashowrah.com. I hope people will take the opportunity to see a little of how the church functions.

We would love to have feedback from the Community, e.g. If there was a morning Service, would you think of attending? - or anything relevant- perhaps a question and answer session at some stage.

Best wishes to all. God bless.

- Jane Beavan

THANK YOU to our SAPRA Community Volunteers

who have been touching base with people in our community – your kindness has been greatly appreciated :-)

Life has changed for many and whilst we may have limited resources ourselves, our team has a network of valuable contacts. If you need help with anything or know someone who might, please contact us.

If you are facing other challenges and are unsure about asking for help, please contact us for a friendly, local voice or call Lifeline for Tasmanians on 1800 98 44 34.

SAPRA support for South Arm Primary

We knew when home schooling was introduced not every family would have all devices they needed. We had 10 netbooks in storage not being used so one of our team updated all the software and we delivered them to Wendy at the school. We're delighted to say they've been used to help our local kids stay continue learning.

Community Library and Pot Luck Op Shop

Thanks to two of our volunteers, the Op Shop and Library re-opened on Fridays from 2-4 to a good response. Visitors followed the regulations and enjoyed the chance to say hello, grab a book or some clothes. It's also great people are using the free books and games in the Community Garden (which is looking splendiferous!)

Please note the Community Centre will re-open fully when regulations allow and we can safely do so.

Why join SAPRA?

For over 30 years, this volunteer community organisation has been quietly working hard for you, our local folk. \$2 per person isn't a big ask but it makes a huge difference to our team – it shows our community cares. Join now - membership form the front page.

Stay safe and stay connected.

– Kerry Scambler | President, SAPRA

Real Advice in Real Estate

Retirement Village Life During the Pandemic

During the coronavirus pandemic, when we are asked to stay home, and social contact with family and friends is minimal, we are thankful for our situation here at Roches Beach Living (RBL) in Lauderdale.

Residents are trying hard to keep up their fitness. The beach is a popular destination for walks, where, from a distance in these COVID-19 days, you can see people of all ages, and dogs – it helps to feel that you are actually still part of society.

A variety of shops and services are within walking distance of the Village and most have remained open. RBL Residents are well known at Harmony Nursery and receive very good service.

We are thankful that care and support workers are still able to come to the Village for Residents with 'care packages'. Dogs and cats are good companions for some of us.

The Residents' Committee is helping the community pull together, maintain social interests and look out for each other with newsletters and technology. Video chats are enabling some residents to catch up and chat with each other. Birthdays may be celebrated, craft ideas and recipes shared, and guests from elsewhere can be invited to join in and show what they have been doing.

Autumn trees around the Village are showing their splendour and people have worked hard in their gardens. The Village is looking particularly lovely bringing some happiness to everyone. Those clever gardeners who have garden beds in the Cabbage Patch are looking forward to 'bumper crops'. Extra veggies have been planted in spare beds to share with our RBL community. Residents are easily able to keep the necessary distance apart because of the spaciousness within the Village.

– Wendy Fenton, former resident of South Arm

Cremorne Sculpture Trail Competition

Idle hands are creativities plaything, with time and stuff you find on the beach, on the floor in the shed - imagination becomes the only limit. The Cremorne sculpture trail was created to encourage residents to embrace the downshift necessitated by Covid, the results have transformed the village and provided joy to participants and spectators alike. Birds flock around Wisteria Lane, sea creatures appear in places no sea creature has been before. Surfboards, bodyboards, bottle tops, shells, toothpicks and paint were reimagined, reused and upcycled in a spontaneous show of creativity, imagination and resourcefulness. And as for Beverly, nowadays everyone who enters Cremorne wonders where she's been and what tales she might tell...some say she might be a key to a long forgotten loch that in a more cautious time all ships had to pass before making landfall.

Kids (under 13)

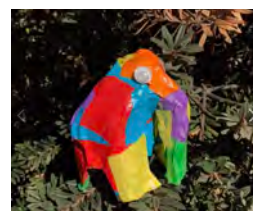

Fred - Cray the crayfish

Charlie - Driftwood family

Linn - Bobby
