

Southern Tasmania Bush Fires – South Arm + Sandford Brigades Joined the Fight

The recent Huon fires emergency and subsequent management campaign ran for over 74 days. South Arm and Sandford volunteer fire fighters played a valuable role alongside volunteer and career fire fighters from across Tasmania, ACT, NSW, SA, and even New Zealand.

South Arm Brigade -

For 35 of those days, South Arm brigade volunteers travelled to Huonville and Maydena to fight the emergency, and subsequent spot fires, working from the Landcruiser Unit in teams of two.

Tasks undertaken included back burning, supporting dozers constructing fire breaks, assessing dangerous trees, patrolling fire ground perimeters, identifying, describing and extinguishing hot spots.

Members also formed strike teams at Cambridge for 2 days, and up to 10 members patrolled the local area during two High Fire Danger days. The South

Arm Brigade Chief worked at the Regional Operations Centre, Cambridge for 14 days.

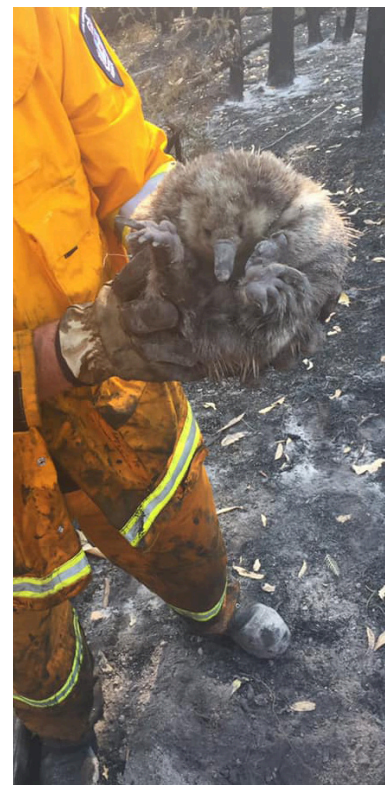

The work on the fireground was hard, hot, dirty and often sticky, but rewarding. Members who were able to attend gained valuable skills and experience, improving the capacity of the brigade to respond to local fire emergencies when they occur.

For a small group of available firefighters from the South Arm Brigade, it was a commendable support effort and a valuable opportunity for team building.

- Daryl Polzin, South Arm Brigade

Rainbows Over Jazz on the Oval

The Clarence Jazz Festival came to South Arm in February and again the music had us all tapping our toes and twirling around.

The weather wasn't perfect, but South Arm locals showed their hardy side and supported the event to be rewarded with double rainbows and rain (we all love the sound of water tanks filling!).

The Bar and BBQ were well patronised and raised some funds for SAPRA's many community activities.

Thanks to Wendy, Tim and the Festival team for giving us some great tunes without having to venture too far. We look forward to welcoming you back to the Peninsula next February.

— Kerry Scambler

South Arm RSL Sub-branch News

ANZAC Day Services

Thursday 25 April

Members of the South Arm RSL Sub-Branch extend an invitation to join in commemorating ANZAC Day on Thursday 25th April 2019.

Dawn Service - 6 am at the Lone Pine Memorial, Fort Direction

The Dawn service will again be held at the Lone Pine Memorial. You are invited to lay a wreath and following the conclusion of the Service, join us at the South Arm RSL & Community Club for a gunfire breakfast.

11am Service - at the South Arm RSL Wall of Remembrance

I extend an invitation to you to lay a wreath at the Cenotaph during the service, and afterwards, join us for refreshments at the South Arm RSL & Community Club.

People wishing to lay wreaths during either service are encouraged to do so. Please let Peter know by 19 April (0477 706 497).

Casual Gardener Position Vacancy

If you have skills and capacity for the following work on days and times will be as specified by the Committee, please send your expression of interest in writing the Hon Secretary. (All queries - 0477 706 497)

- Mowing and brush-cutting;
- Weeding and general clean-up.

Recruiting Drive

If you have served in the Defence forces, or the Service Industry (Fire, Ambulance, Police etc), or are a Defence family member, the South Arm Sub-branch Committee would encourage you to consider becoming a member of our active group.

Our work in Community Welfare, Commemorations such as Anzac Day, Remembrance Day and other worthwhile Community events is quite rewarding and your presence and assistance in these would be much appreciated. Please feel free to contact our Sub-Branch Hon Secretary Peter, to discuss what we do and how to join.

— Peter van Loggerenberg | Vice-President/Hon Secretary,
South Arm RSL Sub-Branch Inc. | 0477 706 497

ANZAC Day 11 am Service Change of Venue

On Sunday 17 March, 2019 the South Arm RSL Sub-Branch held its Annual General Meeting (AGM) where the Sub-Branch Committee proposed a motion to move the ANZAC Day 11 am Service from the South Arm Cenotaph to the Memorial Park/Honour Wall in the South Arm RSL & Community Club precinct.

The proposal to move the Service from the Cenotaph was primarily based on safety concerns, but other important factors were also considered. Over the past two years the Sub-Branch has struggled with State Government bureaucracy to approve road closure for the duration of the Service, causing disruption to the Service and potential danger to the public. Other important factors discussed at the AGM included the use of the magnificent Memorial Park/ Honour Wall at the South Arm RSL and Community Club including its facilities which include improved parking, flat ground, better seating, toilets and a safer environment to conduct the Service. As noted at the AGM both the Dawn and the Remembrance Day Services have of more recent times been moved from the Cenotaph.

The Sub-Branch advised the AGM it had no plans to seek relocation of the Cenotaph, only to move the 11 am Service.

The motion to move the 11 am Service to the Memorial Park / Honour Wall at the South Arm RSL and Community Club was, with the exception of one member, unanimously carried.

The Sub-Branch Committee looks forward to seeing many residents at its Dawn and 11 am Services.

— Mike Gallagher | President,
South Arm RSL Sub-Branch Inc.

New walking track in South Arm

Construction of a new South Arm walking track between Potters Hill on Fort Direction Road and Fort Beach should be completed by time of publication.

The track will offer spectacular views of the lower Derwent Estuary, including Bruny Island and Tinderbox Hills.

— *Clarence City Council*

Easter Camping Safety

Campfire restrictions in national parks and reserves state-wide will continue for an indefinite period.

What is NOT permitted:

- Campfires
- Pot stoves and any fuel stove that burn coal, wood or plant material

What is permitted:

Provided the ground is cleared for 3m around the stove, and there is a water source of at least 10 litres for firefighting – then the following are permitted to be used with caution:

- Gas stoves and gas barbecues
- Liquid fuel stoves - shellite and methylated spirits

— www.parks.tas.gov.au

Arm End – Project Update

Unfortunately, we are again headed back to the planning tribunal, despite an 8-3 vote in favour of our irrigation water solution by the Clarence City Council.

Our pipeline has now been approved by the Clarence and Kingborough City Councils and we are waiting on final approvals from Parks & Wildlife and the Crown.

The high-grade Class B irrigation water currently proposed is very safe and used widely around the State (eg Cornelian Bay sports ground). However, our engineers are looking at the feasibility of treating the water further, by means of a UV process and micro-filtration to significantly increase the quality of the water from Class B to Class A, opening up further opportunities for agricultural and residential users.

The use and application of the water is very strictly managed by State, Federal and individual user plans.

The pipeline should provide scope for increased economic, environmental and social benefit throughout the South Arm Peninsula, with no costs or impact to those who choose not to connect to it.

Currently, this water is pumped into the Derwent River, where it may be negatively impacting the river.

To our many supporters, thank you for your patience. Please call me anytime for more information.

— *Craig Ferguson* | *Arm End Project Manager*
0409 222 858

SAPRA Website

We're working on building a website for SAPRA. The aim is to provide information for locals, and inspire visitors to come and see what's on offer.

A great website needs *lots* of content - particularly quality photos and videos. If you have great imagery, please email editor@southarm.tas.au (highest quality possible please). Also, if you have relevant information, to include, or suggestions feel free to email me or Kerry - SAPRAPres@southarm.tas.au.

— *Wendy Polzin* | editor@southarm.tas.au

Volunteer Opportunity - Event Assistant

Do you have time and interest in assisting with our monthly market?

South Arm Community Market Co-ordinator Kirstie requires the assistance of another person to grow this monthly event.

Duties would include identifying and contacting prospective stall holders, arranging activities and inviting displays from car clubs.

If you are studying event management or taking a break from it, this would be a perfect way to keep your resume and skills current.

Call Kirstie 0426821530 for more information.

– Kirstie | South Arm Market Co-ordinator
market@southarm.tas.au

Community Library

Come join us Mondays at the library for morning tea. Meet some locals and read about our local history in our history room. Opening hours are

Mondays	10.30 - 12.30 (a JP is in attendance on Mondays)
Thursdays	10:00 - 12:00
Fridays	2:00 - 4:00
Saturdays	1:00 - 3:00

Our little op-shop is also open on the same days, so pop in and pick up a bargain and support your local community center.

– Karen

Influenza - some basic facts

Influenza, commonly known as the flu, is caused by a virus which spreads easily through infected droplets in the air and by hands carrying the virus. In some cases severe illness and complications can develop.

Because the flu virus is constantly changing, it is necessary to get vaccinated every year. Each year, the flu vaccine will protect against the strains of flu virus which are most likely to circulate over the winter period. Vaccination in autumn allows time for immunity to develop before the flu season starts.

People at high risk

The flu vaccine is free for people at high risk:

- People aged 65 years and over have the highest risk of complications associated with seasonal flu.
- All Aboriginal and Torres Strait Islander People from 15 years of age as respiratory diseases are major causes of preventable sickness and death in Aboriginal and Torres Strait Islander communities.

Pregnant women

The flu vaccine is recommended for pregnant women and can be safely given during any stage of pregnancy. Pregnant women are at higher risk of severe complications associated with the flu virus.

Medically at risk

People with some existing medical conditions are at increased risk of complications from flu. These include: heart disease, severe asthma, chronic lung condition, chronic illness requiring medical follow-up in the past year, impaired immunity, or diabetes.

Approximately 2,800 Australians die every year either directly from the seasonal flu, complications due to the flu, or pneumonia. Flu vaccinations are the single most effective action to help fight the spread of flu.

Southern Tasmania Bush Fires cont'd

Sandford Fire Brigade –

Sandford Fire Brigade Fire Fighters were required to be part of a Strike Team based at Cambridge on two occasions. The Strike Teams are placed on high alert with another 5 Strike Teams and their appliances. Strike Teams are sent to any new outbreaks on those high fire danger days and their aim was to tackle the fire outbreak hard and fast. Backup for Strike Teams comes from the local Brigades in the areas of the fire outbreak and, if available, aerial support.

Geeveston / Upper Huon / Dover Fires - 2 fire fighting crews, made up of 5 crew members each, travelled south to work 12 hour shifts - 8am to 8pm.

Access for our big fire truck was limited in the terrain we were assigned to, so we were water carting and filling up smaller fire trucks in addition to putting out hot spots, asset protection and monitoring fire behaviour.

Our 3rd officer, Steve, also teamed up with the South Arm Brigade in their light tanker to continue assistance on 2 additional days.

“You’ll never understand the full gravity of the incident until you get on the fire ground, it was full on” – Kris, 2nd Officer, Sandford Brigade.

- Paul Lawler | Brigade Chief - Sandford

Pictured above, clockwise from left: What remains of a massive tree - believed to be around 400 years old, it took a couple of hours to extinguish; Firefighter examining a hot spot; The aftermath - blackened trees and wide cracks in the scorched earth.

Pictured on front page: South Arm firefighters worked with excavator team to reveal hotspots and remove dangerous trees; Rescued echidna poses for the camera; South Arm 5.1 unit in foreground, crew plan next steps with New Norfolk tanker crew.

Easter and Food Safety

Part of the fun of the Easter long weekend is catching up with family and friends and helping out by sharing dishes at celebratory events. But preparing food for a lot of people can be risky especially at this time of the year when several generations get together. Here are some tips to avoid giving a gift your friends and family don't want!

Avoid temperature abuse:

Temperature abuse is the major cause of food-borne illness at parties and functions. Remember to minimise the time food stays in the temperature danger zone (5°C to 60°C).

Keep hot food hot – use the top of the stove or an oven turned down to just below 100°C.

Keep cold food cold – make sure the fridge is still operating at or below 5°C even though you've loaded it with extra food.

Cool food quickly – once the steam stops rising, cover the food and put it in the fridge. You can hasten the cooling process by pre-cooling the hot food in its container in a sink of iced or cold water or putting it into shallow containers.

The following foods can stay out of the fridge for up to 4 hours in total but must be thrown out after that:

- cooked meats, deli meats, patés etc. should be left in the fridge until you are ready to eat them
- salads – especially cooked vegetable, pasta or rice salads (whether they contain meat or not)
- ready to eat seafood
- dips and other ready to eat foods
- cream, egg and custard based desserts

– Food Safety Information Council

Mythbusting Bushfires

Myth - There'll be plenty of warning before I'm in danger.

Fact - The rate of fire spread depends on a number of factors including wind speed, fuel load, fuel type, fuel moisture, air temperature, humidity, terrain.

The rate of fire spread in undisturbed, flat to undulating grasslands can reach more than 20 km/hr in certain conditions and up to about 12 km/hr in forest areas. Burning bark, twigs and leaves carried upwards in convection columns can cause new fires that are also known as spot fires, kilometres ahead of the main fire.

Fires travel faster uphill, as flames can more easily reach new fuel, and this effect is increased if the slope is aligned with the wind direction. For every 10 degrees of uphill slope, fires travel twice as quickly.

With lengthening fire seasons, it's important to be prepared throughout the year. Watch these helpful video tutorials - <https://tinyurl.com/y5ldb59h>

New Guide to Colonial Churches Published by Clifton Beach Resident

Robyn Everist has spent many years as a tour guide introducing visitors (and locals) to the often hidden sights and stories of Hobart's streets. She's now distilled part her broad knowledge of the city's architecture and history into a new, handy sized book - *Churches of Colonial Hobart* – a history of Hobart in 24 buildings.

In her introduction Robyn says - "every church in this book contains something unique, something beautiful, sometimes indefinable, which causes you to pause for a closer look."

Available direct from the author at www.hobarthistory.com.au. Robyn can arrange local pick up and drop off for anyone between Lauderdale and South Arm. Also available from good Hobart bookshops.

– Kerry Scambler

A Little Shout Out!

Many committed volunteers work together to bring you the South Arm News. As this bumper edition goes to print, I'd like to say a huge thanks to the team!

How does this thing get printed? (I hear you ask...) The energetic Heather Chong donates her time and resources to print around 1,700 copies every second month on her printer. She also supplies the paper - that's over 5,000 sheets of A3 paper each edition!

– Wendy Polzin | Editor, South Arm News

Interested in Being a Literacy Tutor?

The South Arm Primary School Literacy Tutor Program begins soon.

Literacy Tutors volunteer at the school to help children develop their literacy skills. The children receive valuable one-on-one assistance that makes a real difference.

Support will be provided to volunteers and no special skills are required. If you have even half an hour per week to spare we would value your contribution.

Contact the school to register your interest or for further information. 6239 9126

Game On! Social Tennis Anyone?

Following a call-out in the last newsletter, about 10 people responded with a shared interest in tennis and a lovely group has now formed, and more are welcome!

This is social tennis, with no membership fees, just court hire payable by the participants of each game.

Please contact Tony Koslow (0467 449 961) to join the fun and meet new people.

– Kirstie

The road is a shared space & all road users should respect each other to ensure everyone's safety. One of the best ways to help keep bike riders safe is to keep a safe distance, especially when overtaking. A metre should be maintained between an overtaking vehicle & a bike in speed zones up to & including 60km/h & 1.5 metres in speed zones above 60km/h.

– Road Safety Advisory Council

On the Agenda - SAPRA Updates

Welcome to autumn with its crisp, still air and reflective waters.

Hopefully some rain will mean we can farewell the bushfires and our fellow Tasmanian communities can recover. If you're planning an Easter getaway, please consider visiting the Huon Valley or other bushfire affected areas to show support from our community to theirs.

Vale Morrie Larkins: the SAPRA Committee extends their thoughts to Pam and her family on the passing of Morrie who, apart from being an active Sub-Branch member, was also a big SAPRA supporter. Pam and Morrie worked tirelessly for many years managing the Market and contributing to the Committee and community. Pam, Morrie, Cheryl Talbot and I organised six South Arm Art & Craft Exhibitions raising over \$22,000 for Legacy in the process.

He was a fixer and a doer and a distinguished gent to boot. We'll miss you Morrie.

Community Centre update: with the Library, Op Shop, and History Room all going gangbusters, we're running out of space, so are working on an internal refurb and tidy up to maximise the space we have. It's a tricky layout, but we have plans! The Community Garden is also getting some love and looking great.

Jazz on the Oval fund-raiser: whilst the rainbow gods took over from the sun gods, our stoic South Arm community came out and supported the musicians and our BBQ/Bar fund-raiser. A big thank you to Jacky, Beth, Anita, Vera, Kirstie, Karen, Steve and Ian for helping us raise valuable funds to invest back into the Centre and community projects.

Our SAPRA Agenda is always a busy one, but if you'd like us to follow up an issue, or assist with a community project, please contact us (see p2).

Enjoy the cooler days ahead.

Clean Up Australia Day, Cremorne

Another successful clean up and the kids were the stars once again. Thanks to all for their help.

Old boogie boards, furniture and thongs were on the most interesting list. On a positive note - many commented how little rubbish they actually found, especially after some very busy beach days. Unfortunately, the roadside into Cremorne is another matter. Due to OHS this is not part of our official clean up, but a huge thanks to those who tidy it throughout the year.

Look out for our upcoming working bee in May where we'll be providing natives for planting. Before that, however, it's excitement with our Annual General Meeting - watch the Cremorne Community Group Facebook page for details. We know folk don't have lots of spare time so we've got lots of bite sized (or, rather trowel sized) ways in which you can lend a hand in caring for the natural environment in Cremorne.

St Barnabas – Easter Service at 9am

We are now in the season of Lent, culminating on Easter Sunday, the most important day in the Church calendar. Rev Neil Vearing will be conducting the Easter Service at 9 a.m. Everyone is very welcome.

– Jane Beavan 

Sale of St Barnabas Update

After a public meeting mid 2018, a community submission was made to the Diocese on 1st October 2018, indicating our community wants to retain St Barnabas church and cemetery as a community owned and run place of worship and burial.

The Diocese wrote to SAPRA (05-12-2018) indicating their final decision (determined 03-12-2018) was to relinquish management and ownership of St Barnabas church and cemetery, and that our community would be contacted with first option to take over property title.

While awaiting contact from the Diocese regarding title transfer, we continue to fundraise in earnest, ready to take on the huge task of maintenance, repair, upkeep and operational costs that are anticipated with the title transfer.

We continue to seek your financial support either through donation or pledge to facilitate property ownership responsibilities.

Please refer to the website for more information or see Kim at the Pharmacy.

Opossum Bay & South Arm Coastcare

GLENVAR - BOXTHORN REMOVAL & REVEGETATION

- A landcare funded project . We reached a major milestone last month - all the Boxthorn patches at Glenvar have been removed! Special thanks to Peter McGlone for his commitment. Stay posted for the 'Burning of the Boxthorn' dates.

BONESEED BLITZ - North and east of Denn Hill, Opossum Bay continues - this year we want to complete the eradication of this Boneseed infestation. This is a big task and we need many volunteers.

CALVERTON OVAL - Last year OBSAC surveyed 100 households in South Arm and the overwhelming aspiration of residents was that the Oval be retained and the area be transformed into a beautiful park through planting and nature play elements for younger children with minimal infrastructure.

OBSAC working bees - the second Sunday of every month, 10-12pm, either at Opossum Bay or South Arm areas. The 2019 schedule is posted at the South Arm Store and on Facebook.
