

South Arm Peninsula News

Vol. 12, Issue 3 | June - July 2022

South Arm Fire Brigade's youngest volunteer

Meet Will Malcomson, one of South Arm's newest volunteers. After a local recruiting drive to search for new members, Will joined with three others and commenced his training six months ago. At 18, he is also South Arm's youngest member - ages range from 18 to 80.

The induction and basic training focused on developing team skills, practical firefighting techniques, ladders, ropes, map reading and communications. This culminated in practical scenarios to test each member's abilities to safely deal with an emergency incident.

Now that the basic training has been completed, Will joins volunteers from around the State in three intense training weekends to become proficient in bush firefighting, urban firefighting and pump operations. Only then a volunteer is ready to respond to emergencies unsupervised.

Will joins a wonder team of local volunteers at South Arm dedicating a small amount of time to protect our local community. With a range of experience from builders, engineers, students, teachers and retired professionals, there is something truly unique about a volunteer team. The diversity of knowledge and skills leads to a very professional outcome, and great conversations in the fire station afterwards.

Local brigades are always looking for new members, and the skills and knowledge gained from volunteering benefit the individual, and the local community. If you have ever considered becoming a firefighter, as a volunteer or as a career, contact fire@fire.tas.gov.au for more info.

— Val Ansett | Brigade Chief, South Arm Fire Brigade Southern Region

Have your say on lobbying in Tasmania

The Integrity Commission is seeking your input into a review of Tasmania's lobbying system and how it might be improved.

Integrity Commission Chief Commissioner Greg Melick said, 'The Tasmanian community needs to have confidence that public administration and government decisions are made fairly, transparently, and in the public interest. The submissions we receive will inform recommendations to improve accountability of lobbying practices and associated decision-making within Tasmania. **Submissions can be made from now until 30 June, 2022.**'

Lobbying is the process of seeking to influence government decisions on behalf of special interests. It can be a healthy part of a democracy ensuring different views are represented in policy, legislation and budgeting, but can also be a source of distrust in government when more powerful interests are seen to have the most influence. Oversight through tools like a public lobbyist register, can be a way of increasing transparency and accountability.

Mr Melick said, 'We are interested to hear people's experiences of lobbying and their thoughts on Tasmania's current model of lobbying oversight. You may be a lobbyist or someone who has been lobbied, or have been affected by public decision-making that resulted from lobbying. We hope to hear from anyone interested in this vital democratic process.'

How to make a submission - Visit www.integrity.tas.gov.au for a submission form with discussion prompts to guide submissions from the community. You'll also find a consultation paper that summarises the relevant issues, plus a full research report for those interested in understanding how lobbying, and lobbying regulation, works in Tasmania, across Australia, and internationally. **Submissions close 30 June, 2022.**

— Rachael Gates | Consultant - Stakeholder Engagement & Communications | Integrity Commission

We acknowledge the palawa/pakana people (Tasmanian Aboriginal Community) as the traditional owners and ongoing custodians of lutruwita/Tasmania - its land and waters. We acknowledge their long history and deep connection to this place and pay respect to Elders past and present.

On the move

For the past two years the South Arm Peninsula Men's Shed has focused on raising money and seeking approval to build on a site at the Calverton Oval. However, it became increasingly apparent that building at this site created more difficulties than benefits. The style of building resulting from Council and community concerns became too expensive. Being on Council land also required us to have a lease which proved to be overly restrictive to our needs.

An appeal to the RSL and Community Club for land to build on was met with great enthusiasm and we are now fully focused on establishing a "Shed" on the Club site. Members have endorsed with their full support this move which has cost benefits and as well provides us with far greater amenity than our previous site.

Our build at the RSL and Community Club site is fully funded by our own fund raising, donations received and generous grants from both State and Federal governments. We are currently in discussion with Council to gain Planning Approval and anticipate that should this process proceed as expected we will have an operational Men's Shed by the end of this year.

It is exciting that we are now on a realistic pathway towards achieving our goal. The benefits of a Men's Shed in our community are immense. The scope of use of our "Shed" will only be realised once members have a structure to work in. The range of possible activities which extend from having a coffee with friends, to engaging on a construction project for yourself or the community is endless.

The Calverton Hall Loo "Thank You"

*We want to say thanks
For the wonderful job
You did on our toilets.
Not earning a bob.*

*You scrimped and you scraped.
Not wasting a cent,
Begging materials
Wherever you went.*

*The sight of them thrills us,
You just can't believe
How- grateful we are
For the job you've achieved.*

*We waited so long,
A century went by
Then along you all came
And worked very hard.
With never a moan,
We couldn't believe the enthusiasm shown.*

*The old and infirm.
The rich and the poor,
The kids from the playgroup as well.
The Country Club and C.W.A.,
Bowlers, Dancers and all,
We want to say "Thank You" again and again.*

*We'll never forget you,
Just as long as we live
So stick out your chest boys,
You've done a great job,
You're far and away the best of the mob!*

Lou Smith, Opossum Bay

SAPRA update

Cruising into history

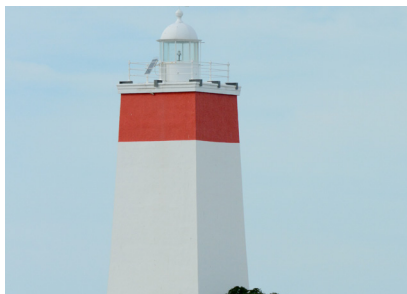

Michael Topfer, SAPRA committee member/History Room custodian, had the wonderful idea of sharing local history from a different perspective ... on the water. A very apt vessel was selected – the ML Egeria, the classic Huon Pine boat that has carried royalty and Tasmanian Governors. Bookings filled fast!

The weather was kind, the Egeria volunteer crew was great and the only thing missing as we slipped away from the jetty was Michael himself! After all his work, a positive test was disappointing for Michael and prompted panic to find a local who knew some history. Thankfully Bryce Harvey answered the call and did an admirable job at the last minute. Fittingly, Bryce was the first SAPRA President in 1989 so on the first cruise of the day, we had both the first and the current Presidents on board!

Our Community Bus also revved into action thanks to Kirstie organising pick-ups with military precision so passengers didn't have to worry about parking.

Thanks to Michael, Bryce and the Egeria crew for putting on three wonderful cruises which were so popular, we're planning more later in the year. Stay tuned!

We also raised over \$400 which will go towards the refresh and update of the History Room.

On the bus

Our newest community service has been out and about – from the beautiful Botanical Gardens to Dover – and also assisted on ANZAC day. SAPRA now has a group of registered drivers but special interest groups are welcome to nominate their own driver to register so that all 12 seats can be used for participants!

Thanks to a Clarence City Council Community grant, the bus has a defibrillator (AED) on board. We hope it's never used but it could help save a life as timing is critical.

To book the bus: go to southarmbus.simplybook.me
Enquiries: 0426 821 530.

History Room refresh

Through the year, we plan to update and refresh the content and layout of the room. We're looking at innovative ways to display the rich history our Peninsula has, hopefully including the Tasmanian Aboriginal connections to this area.

If you have queries, issues or projects you'd like us to follow up/be aware of, please get in touch. We're here for our community!

Cremorne Corner

Big plant giveaway success

It's not too hard to plant a native seedling but does require solid commitment to keep it alive. The Big Plant Give Away in mid-May saw a great crowd at the Cremorne Bowls and Community Club with 600 natives walking out the gate of which around 100 were endangered Eucalyptus Morrisbyis.

The aim of this day is to get native plants in the ground in your Cremorne garden, nature strip, dune and/or foreshore area to increase native habitat and stabilise coastal edges, and additionally keeping the Morrisby Gum alive and thriving. With everyone looking after their own plantings it's a greater way to achieve success. Give your plants a fair bit of love for the first two summers and wean them off over the following two – three years but don't forget them. The summers can be harsh.

A huge shout-out to Andrew and Helenka Stevenson from Wildseed Nursery at Sorrel for providing the seedlings. They've got a great selection at extremely reasonable prices and come highly recommended. If you need assistance with guards, stakes, water granules and native fertiliser for reserve areas let us know. As a group we would love to see more of the households on the dunes and lagoon foreshore planting species such as Coastal Wattle, Coastal Current, Sheoaks, Hopbushes, Boobialla and Atriplex to smother out the Marram Grass to improve dune and foreshore stability.

Many thanks for all to help run the day – Jan, Di, Heather, Hannah, Kerry, Geir, Linn, Sarah, Finn and Mads with Anne, Jen and Jodie. As well as Emmalene from Council and Karen and Magali from the E. Morrisby Project; Pato and Jacqui for the great hot drinks and waffles and cinnamon scrolls; and the Club for their space.

Thank you to Clarence Council for their ongoing sponsorship to Pipe Clay Coastcare for such events. We have also engaged specialists TasFlora who recently have undertaken weed and track clearing out at the Spit.

Get in touch if you would like to be involved.

- The Coastcare Team

Cremorne Community Group

The Cremorne Community Group would like to say a heartfelt thank you to Ian Pearce for volunteering for the past 11 years in the role of the Public Officer. We really appreciate your contribution to the the community over this extended period of time.

We are thrilled to announce that we have received approval from the Clarence City Council for a \$1,500 community grant which we intend to put towards new shelves for easier packing and storage of the CCG trailer, electrical cable covers, as well as some extra games for the kids at events. A huge thank you to Clarence City Council for their continued support.

Please keep an eye out on the CCG and community Facebook page and beach reserve noticeboard for the date of the upcoming AGM, where we will be discussing the year past and ahead, as well as changes to membership structure. All Cremorne residents are welcome and encouraged to attend and we would value your input.

South Arm Community Market /

The market is going ahead in leaps and bounds with us accommodating approximately 80+ stalls every month. This could not be accomplished without the enthusiasm of the regular stallholders and their even more regular customers. They are accompanied by a new variety of stalls every month too. We applaud everyone of you and delight in your attendance to make this market the wonderful success it is. Thank you to one and all.

The Easter market saw the local fire brigade attend with chocolate eggs distributed around the patrons of the market. Thank you to the volunteers of the fire brigade for making this possible.

The May market was our Mothers Day market. The garden club and our community garden hosted a potting of a succulent into a cup for children to give to their mum. Also, we hosted a face painter for the children for free. This was very popular. Many pictures emerged of creative art works on not only faces, but arms and hands as well. What a talented lady. We look forward to having her return sometime in the future.

July/August closure

The weather has been relatively kind for the last few markets. With us coming into winter, together with the looming flu/covid season. We have made the decision to have a break for all involved, for the months of July and August. We will return fully refreshed on September 4th. We ask for your understanding in these times.

The June market may see some minor changes with the installation of the berm surrounding the skate park. The works will be ongoing through this time and again ask for consideration whilst we navigate the complexities of this.

We look forward to more incoming stallholders into the future and hope that you will all join us to enjoy the market and the activities on offer.

Hope to see you there.

South Arm Community Centre celebrates 25th birthday

When it was officially opened on 25th May 1997, a time capsule was placed to be opened at some point in the future.

We *think* we know where it is and won't it be fascinating when it's finally opened! What do you think might be in there? Share your ideas and memories with us on our Facebook – page facebook.com/Sapra.Inc.

St Barnabas update

We have been quite busy lately with Lent and Easter services followed by a Thanksgiving Service now that the church actually does belong to the Community.

We are very grateful to have Paul and Beverly Elliot, both priests, in our midst, living at Opossum Bay. Paul held a very meaningful Ash Wednesday Service, denoting the beginning of the special time of Lent. He also provided some very helpful Lenten booklets.

We now have a large screen TV and microphones installed in the church, which will make it easier for everyone to participate and HEAR! (some people have been having problems in this department!) The TV was also used to screen the film Jesus Christ Superstar, preceded by a Pizza supper in the Gellibrand Fellowship Hall. This was very popular, and we hope to make film/ supper nights a regular event.

Andrew Lake officiated at our very moving Good Friday and Easter Services which were very well attended, and again the following Sunday when we held a thanksgiving service to celebrate the fact that we really do now own St Barnabas Church.

The weather was perfect, and the well attended service was followed by a BBQ and lots of good food and champagne; also the 'catching up' of many old friends and people from the community. This event also provided an opportunity to acknowledge and thank the community for their support throughout the protracted sale process.

Every Sunday a service will be held at 10am, and everyone of any denomination, or none, is welcome. We always have a 'cuppa' after the service – a great time to meet and make new friends. We're very grateful to all who've been helping to maintain the grounds,(the 1st Sat of each month at 10am), and to the very hard working members of the Committee, especially our President, Secretary and Treasurer, Terry, Bill and Wally. We would love to hear your ideas concerning the church and/or hall. Best wishes to all.
