

Peninsula History Cruises

The South Arm Peninsula History Group and SAPRA are excited to announce that in conjunction with the Motor Yacht Club of Tasmania (MYCT), history tours on board the M.L. Egeria on Sunday 26 March 2023.

The tours will be from Opossum Bay Jetty to Gellibrand Point via Mary Ann Bay, then to the Iron Pot and return, duration 2 hours. Tours are 9.30am, 11.45am and 2pm. Commentary on board will be provided.

Number of passengers for each tour is limited to 25. Price of a ticket is \$40 per person.

There will also be an opportunity to take a trip on the Egeria from Opossum Bay Jetty soon after 4pm to MYCT. Enjoy a drink at the bar at MYCT before travelling back to the Peninsula from MYCT on the new South Arm Community Bus. Number of passengers for the trip to MYCT and return by Community Bus is limited to 11. Price of a ticket is \$30 per person (does not include drinks at the MYCT bar).

Due to very limited car parking at the Opossum Bay Jetty, the new South Arm Peninsula Community Bus will be available to pick up passengers from South Arm and Opossum Bay for transport to the jetty and return. Ride on the bus will be a gold coin donation and includes the return trip. Pickup points and times will be advised after bookings have been finalised.

Guests are very welcome to bring their own food and refreshments.

Bookings will be available at <https://www.trybooking.com/CEODN> from 1st February, 2023. Price of tickets includes 50c Trybooking fee.

The MYCT is home to the Egeria, a classic antique vessel built from Huon Pine and Teak in 1941. The 18.9 metre Egeria served as a Naval Auxiliary launch during World War II and has since carried many distinguished guests including visiting royalty and Tasmanian Governors. Authentically presented, the Egeria is a unique part of the River Derwent heritage.

This is a unique opportunity for you and your family and guests to see the Peninsula from the water and learn some of the history in style on board the Egeria.

If the tours are fully booked out, more may be organised at some future date. A decision to postpone the tours will be made the night before should the weather forecast look unsuitable for a comfortable and safe cruise.

Date: Sunday, March 26, 2023.
Departure times: 9.30am, 11.45am and 2pm.
Duration: 2 hours
Depart: Opossum Bay Jetty.

Sparking conversations that matter

The bushfire season started with many parts of Tasmania experiencing the highest spring rainfall on record, but the threat of bushfire is still present and growing as the warm weather continues. Parts of Tasmania are particularly vulnerable to bushfire, including areas in South Arm.

A new bushfire resilience project called Sparking Conversations, Igniting Action is working with communities within Clarence and the other Greater Hobart Council areas to prepare for bushfire. The two year pilot project aims to help people understand the bushfire risks in their area and what they can do to better prepare their homes, families, and communities.

Chris Salter (left) and Milly Burgess (right)

The team from Sparking Conversations, Igniting Action (pictured above) is out meeting residents in Sandford, which is a bushfire-prone area that could be threatened by direct flames or embers if a bushfire were to occur.

The project will seek to connect neighbours in Sandford so they can prepare for bushfire as a community.

For tips on how to prepare for bushfire sign up for Sparking Conversations email updates at sparkingconversations.com.au

Well, 2022 turned out to be a wet year for Cremorne, the second wettest year we have recorded and just about 12mm short of our 2009 record of 698mm. — Geir

Opossum Bay finished off the year with a magnificent 633.7mm which is the most rain we've had in a year since 2011 when we had 645.1mm. — Teresa

CERT volunteers needed

Are you interested in being a Volunteer Ambulance Officer? Would you like to help your community?

We need more volunteers to provide the first response once a 000 call has been made in South Arm / Opossum Bay area. We know time matters and a quick response can save lives. But we need people!

Ambulance Tasmania provides all the training you need and equipment. We train every 2nd Wednesday.

Not sure but would like to know more?

Contact our Co-Coordinator, David Lodge, on 0417 052 977 or pop in to the next South Arm market, we will be there with the First Response vehicle, ready to answer your questions.

— David Lodge, CERT Co-coordinator 0417 052 977

South Arm Fire Brigade

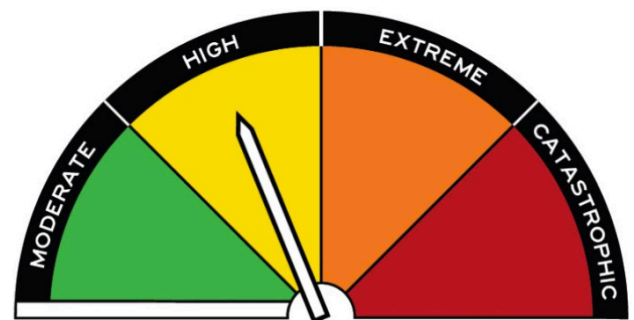

Most people associate volunteer firefighters with the huge effort that goes into containing bush fires each year. Whilst a lot of our training does focus on this bushfire fighting, our volunteers need to be ready for any emergency. The volunteers at South Arm, Sandford and Lauderdale are also trained and equipped to deal with any structure or vehicle fire, and regularly train in smoke filled buildings, practicing search and rescue techniques, extinguishment and salvage. Our volunteers are also often first on scene at car accidents and chemical spills, always with the aim of protecting the public, property and the environment. Our main tool for many of these emergencies is water, so if you have a water tank required for firefighting purposes, please ensure it is full, accessible and clearly marked.

Permit season has well and truly started. This means before lighting any fire larger than 1m, you are required to ring the fire service to get a permit. This ensures basic fire safety criteria are considered, and fires will not escape and get out of control. There are a number of

permit officers at every fire station that can inspect what you are planning to burn, provide advise, and issue a permit if feasible. The number to ring is 1800 000 699.

Whilst we had a pretty wet year last year, the ground has already dried and the vegetation is very flammable. Don't underestimate how dangerous fire is, and always call 000 if you see a unattended fire.

There has been a slight change to how fire danger ratings are relayed to the public. This is a result of years of studies and research, and the need for a nationwide simple system. There are now only four categories:

FIRE DANGER RATINGS

MODERATE	PLAN AND PREPARE
HIGH	BE READY TO ACT
EXTREME	TAKE ACTION NOW
CATASTROPHIC	LEAVE BUSHFIRE RISK AREAS

– Val Ansett, Brigade Chief, South Arm Fire Brigade

South Arm Community Market

The market has gone from strength to strength and the December market was the epitome of all markets. It was GREAT. Justin was there with the reptiles which are always a drawcard. It's fascinating to watch the snakes and see Justin handle them with expert care. They really are so graceful and gentle. We look forward to having Justin return again soon so we can learn more about our reptile friends.

Face painting was also very popular as was Santa and the local fire brigade. The lollies were not too bad either, although I think they were meant for the kids. I couldn't resist!

The South Arm Songsters were also there singing some Xmas carols together with Olivia who once again entertained a very large crowd. Thank you one and all for making our market the success it is.

The January market was warm and sunny with our stall holders bringing in the New year with enthusiasm. We welcomed new stallholders showcasing some exciting new options. I loved the pancakes with maple syrup and ice cream from Itty Bitty. There are so many choices at the market whether it be food, plants, homewares, art and giftware. There really is something for everyone. Come and join us at the market on Sunday 5th February. Grab yourself a coffee from The Coffee Guys, meander, chat and purchase from our wonderful array of stalls.

We look forward to seeing you all.

The Cremorne Community Group had an active last quarter of 2022!!

We are thrilled that so many Paradise Peninsula residents came along and supported the Cremorne Christmas Market on 13 November. There were more stall holders this year than the first of this event in 2021 and we hope to repeat the event again in 2023.

Pussay Poppins put on another sell-out drag bingo fund-raiser show at the Cremorne Community and Bowls Club on 9 December, this time with a Christmas theme.

Cremorne residents and family enjoyed the annual Christmas in Cremorne celebration on 11 December with Santa arriving in the Sandford Fire Brigade truck. Thank you to the volunteers, Santa, fires and musicians who helped to make this another successful community event.

We say farewell to the Cremorne Community Group Secretary, Jacqui and her family. We thank you for working hard behind the scenes in your role and wish you all the very best in your new ventures on the East Coast of Tassie.

We head into a quiet period for the Cremorne Community Group. We look forward to co-facilitating the 2023 Sandcastle Competition with the Pipe Clay Coastcare Group.

Also, look out for the opportunity to pre-purchase "Cremorne" hoodie towels and other items. We love our sea-side village community and what better way to show our pride than sporting a Cremorne hoodie towel!!

2022 was a momentous year for the 100 year historical church of St Barnabas

With much help from the South Arm and Opossum Bay communities, and despite a few set backs, the building finally became a Community Church.

The Cemetery is being well cared for, thanks to the volunteers who come to a working bee the 1st Saturday of each month. More people are always welcome, and needed. It is a good friendly group.

We now have a shed which has been a great asset and the large tree stumps have been removed. The church and Hall are now available for hire.

The church was all washed down ready to paint when the rain set in. However painting is next on the agenda and will soon happen.

Regular services are held every Sunday at 10:00 a.m with different people officiating. Traditional Anglican services happen every 3rd Sunday when Andrew Lake very kindly comes down. Andrew also officiated at our Community Carol Service which was very well attended.

On St Francis day we had a pet service attended by several well behaved pets and their owners. Meditation sessions are now held in the Hall on the 2nd and 3rd Sundays at 3 - 4p.m

The land was given, and the church was built in 1892 to provide all residents of the area a local place to gather and worship. We hope it will be well used by the community, both for worship and other activities, (eg concerts, films, and any other bright ideas people may have,) We also hope to have regular film nights.

It was good to celebrate Christmas Day with a local church service thanks to Paul Elliott and David Skegg.

Photo - Christmas Day at St Barnabas

The next important Festival is Easter, prior to which we will also hold Ash Wednesday and Good Friday services.

We are so blessed to live in this beautiful and safe place. We have so much for which to be thankful be thankful. We would like to wish everyone in the community a happy, healthy and safe 2023.
