

\$4,000 FOR LEGACY - WITH THANKS TO OUR PENINSULA FRIENDS!

You showed us your wonderful arts and your generosity is now on display.

Together with Legacy Tasmania, Cheryl, Pam and I want to send out a huge thank you to all the people who made our recent South Arm Art & Craft Exhibition such a huge success not just in terms of how much was raised but equally important was the high quality of the works and generally friendly atmosphere.

The 100+ people who joined us for the Friday night launch along with the many visitors throughout the weekend were all very impressed with the variety and quality of the art and craft on offer. In fact, many were so impressed they parted with money for works to grace their homes!

This year saw invited artists from the Tasman and Forestier Peninsulas join us which added a deeper and very welcome dimension to the Exhibition. There may well be further collaborations of all sorts to come from this friendly wave across the bays to our neighbouring Peninsula.

SO WHERE DOES THE MONEY GO? Many people think of Legacy and think old widowed ladies. Bet you didn't realise the youngest person Legacy Tasmania looks after has just turned one year old? And they range all the way up to 100 years old. It's important work that receives little government support so we're proud to have now raised over \$22,800 over the last six exhibitions for Legacy Tasmania. And that's thanks to our own community and those who have a special connection to the area. CONTINUED PAGE 2.

SKATE PARK FOR SOUTH ARM

Thank You South Arm Community

After hearing the fantastic news that council has approved the MasterPlan for South Arm Oval, we would like to say a massive thanks to our community for rallying behind us and showing overwhelming support for the Skate Park Element which we have been working so hard on. Cheers for signing the petition all those months ago and then following up by returning the Survey forms and writing such positive feedback about the skate park.

We are so lucky to live in a community that goes out and gets things done together. We are so lucky to have such a great team in SAPRA who do so much for our area. This is something huge for our community and will be here for many years to come and heaps of kids will now have somewhere to skate, play basketball, and have fun safely together in South Arm.

So a huge thanks to our community for getting things done.

AIR FORCE CADETS - Your future?

As a member of the Australian Air Force Cadets (AAFC), I have gained more skills and experiences than I ever could have dreamed of.

Turning up for my first night, I was nervous and apprehensive, but any fears were dealt with quickly as I realised that I was in for possibly the coolest four years of my life. Ever since then, I've developed into a confident young person with great leadership skills, a heap of new friends, and a great insight into the Royal Australian Air Force. I've been on promotion courses and camps, flown gliders and Cessnas, and visited working Air Force bases on the mainland. The AAFC is a great opportunity for young people aged 13-18, and it's given me so much over the years. If you're interested in the Australian Defence Forces, aviation, or just having fun and making friends, come along on a Wednesday night to Anglesea Barracks at 6pm. We're always looking for adult instructors and staff too, especially those with

with previous service history. 502 Squadron AAFC already has a strong connection to the South Arm peninsula - you may have seen us parading here on Anzac Day as the Catafalque Party - and we'd love to see you there.

CREMORNE COMMUNITY GROUP

www.cremorne.tas.au

Whilst holidaying overseas during Winter, I was delighted to receive news from one of our hard-working community members that our Group was successful in applying for a grant from the Foundation for Rural & Regional Renewal (FRRR) for a project we called Gazebos to Go! In essence, our proposal was to provide better storage and transport for our popular community gazebos and associated gear by way of a purpose-built trailer. An earlier application had been unsuccessful but when we submitted the next time, we showed proof of community support by way of small but numerous donations from residents (groups and individuals) and we think this helped our cause. Anyway, in a few weeks' time, we will take possession of a new trailer for gazebos, weights, tables, umbrellas, chairs and a first aid kit for use within our village...just in time for community and family events over the holiday season.

By the time this newsletter goes to print, we will have held another of our Long Table Lunches in the Cremorne Beach Reserve to celebrate "Cremorne Day" (official naming of our village in 1959) and be gearing up for the celebratory Christmas @ Cremorne. These 2 events are at the core of our purpose and we greatly appreciate the support of Clarence City Council in helping offset some of the costs associated with running them.

Whilst "organising events on behalf of the Cremorne community" is one of our key objectives, it is accompanied by these two:

- ♦ "providing a communication service within our community" (website, newsletter, information board and letterbox flyers); and
- ♦ "playing an advocacy role in terms of articulating and acting on community concerns" such as excessive speed in our 40kph village zone.

With Summer almost upon us, it's timely to remind all visitors and residents in the South Arm Peninsular that speed limits are there for a reason...so, please, drive safely in our area.

SAPRA: COMMUNITY NEW UPDATE

BREAKING NEWS - Finally internet at the South Arm Community Centre! It seems we have sourced funding for an internet connection which means we will be able to offer a range of courses. Keep an eye on our Facebook page and the shops for poster updates. Computer sessions for seniors (and not so seniors!), family tree research and so much more will now be possible. All ideas welcome and requests.

A BIG THANKS TO CAM KERSLAKE and his professional team who did a great job painting the inside of the Centre in time for the Exhibition. It made a huge difference and we'll be using the left over paint for the meeting and art rooms.

MEETING THE PREMIER AND MINISTER PETRUSMA: We welcomed the Premier and Minister Jacque Petrusma to the Community Centre in early September and had a very productive meeting. We greatly appreciated the chance to meet them in person to showcase our community and seek assistance so we can achieve even more. We hope they were impressed with just how self-sufficient our community is and how we make a little assistance go such a long way with our own efforts. Stay tuned for further updates!

SAPRA AGM & GENERAL MEETING: Wednesday 24 November. The time will be advised shortly on posters, blackboards and Facebook. Committee nominations are now open. The more the merrier we say! Take on as much or as little as you like but all hands are welcome. Forms available at the centre and in shops.

HOW LUCKY ARE WE ALL? Throughout this edition, you'll find lots of thank yous and it brought home to me just how much we have to be thankful for on our beautiful Peninsula and heart-shaped island. Yes we have some challenges but given what others are facing around the world with life and death on the line every day, surely these challenges become solvable if we all work together and above all, be friendly and respectful to each other.

Please see Facebook for updates or contact me or any Committee Member with ideas, issues or projects.

FIRE PERMITS

We are coming up to the fire season but as yet don't know when the permit season will commence. We should know more in late October when TFS briefs Brigade Officers on the coming season.

It is probably a good time to draw everyone's attention to the rules governing Fire Permits. To obtain a Permit you should call 1800 000 699 and if a permit is necessary a Permit Officer will call and assess the situation and decide whether or not to issue a permit.

There are strict rules on issuing Permits and they must only be issued in accordance with the TFS guidelines, environmental regulations and council by-laws. In general landowners should conduct hazard reduction burns etc. outside the permit period when Permits are not required.

DURING THE FIRE PERMIT SEASON

On blocks of 2,000sq meters or less it is illegal to burn without a Fire Permit, which can only be issued for genuine hazard reduction purposes.

On properties of more than 2,000 sq metres, except for cooking purposes, outside burning is banned unless it is (1) with a Fire permit, (2) for fire prevention or (3) complying with a by-law. Clarence Council has no relevant by-laws.

A Fire Permit can be issued by a Permit Officer for the landowner to conduct a hazard reduction burn or burn a pile of vegetation, bush or garden waste of more than 1 cubic metres. Permits are not required for piles of less than 1 cubic metre. Permits will not be issued for any purpose other than the burning of vegetation and will only be issued to burn unpainted, untreated and uncontaminated wood; or vegetable waste; or vegetation; or paper. Piles containing cardboard, domestic waste, building rubbish, treated timber or any contaminated material, tyres, paint etc cannot be

burnt and these materials should be disposed off at the local tip.

A permit can only be issued to a landowner for his/her own property. Where an area to be burnt or a pile crosses a property boundary a permit will not be issued unless both landowners are in agreement, then each will be issued with a permit. If the pile or hazard is partially on Council or Crown land a Permit will not be issued.

WHERE A PERMIT HAS BEEN ISSUED

A Permit will have a number of conditions attached to it, which the landowner must comply with before the fire is lit. Some of these conditions may be specific to that particular fire, others are for all fires. For example, a Permit Holder must notify all adjoining/immediate neighbors within a 1.5 kilometer radius of the burn of the time and location of the burn, this must be done immediately before lighting the fire. The Permit Holder must register the fire by calling 1800 000 699, also immediately before lighting the fire and conduct the burn themselves.

A Permit Holder must sign the Permit to acknowledge that he/she understands and will comply with the conditions imposed by the permit.

The Brigade itself cannot be issued with a Permit to burn off a landowner's property. Permits can only be issued to a landowner. In general the Brigade is not allowed to undertake burning operations at the request of a landowner unless the operation will genuinely reduce a fire hazard or the work is part of a planned training exercise.

Most importantly, when a Total Fire Ban is announced, any permit that has been issued for that day is automatically cancelled.
