South Arm Art Exhibition Extra funds for Legacy and an Award

In December Clarence City Council approved a grant of \$1,000 to the organisers of the Art Exhibition to assist with costs. As these had already been covered, the full grant has been passed on to Legacy for their valuable work. **This means a total of \$3,459.25 was raised by our 2009 Exhibition! Thank you to all the artists and others involved in making this possible.**

In addition, the Exhibition was nominated as **Event of the Year** in the Clarence City Council's Australia Day Awards and publicly recognised for its contribution to the Peninsula and the Clarence community. We will be resting in 2010 but back in 2011 with another Exhibition featuring our many talented artists and of course, the great works done by students of South Arm, Lauderdale and Rokeby Primary schools.

Kerry Scambler and Pam Larkins.

SAPRA (South Arm Peninsula Residents Association Inc) has been working for all residents of our Peninsula for the last 20 years and should not be confused with SAPCO (South Arm Peninsula Community Organisation), the recently formed group opposed to the Half Moon Bay Lifestyle Village Development.

SAPRA represents **all** residents and therefore holds a neutral stance on these kinds of developments.

Any queries, please contact a SAPRA Committee Member.

Contents see page 2

WINSPEARS DEVELOPMENT at Halfmoon Bay

The new development proposed for Halfmoon Bay is a different style to any previously established in our area and rumours abound. In an attempt to help 'clear the air', SAPRA offered space for both the for and against arguments for this project.

Most of you either know Ian Grubb and myself or know the Protea Farm that Ian has been a part of since he was 19. Many of you have shaken your heads about the various enterprises he has started in an endeavour to keep the farm viable. Hopefully you all appreciate the tenacity it has taken for him to survive personal hardship, rising fuel, freight and other costs as well as a depressed agricultural economy. But now, after 32 years, Ian can no longer compete with the huge orchardists and the third-world flower farms.

We don't want to sell up and leave but our options are very limited. The council planning scheme does not allow us to subdivide (which would have been our preference) but there is a provision for Community Living which allows for strata-titled cottages with amenities available for residents. Unfortunately, we do not have the funds or commercial knowledge to tackle such an undertaking.

I (Ann) met Mr Peter Chen (Principal of G8 consultants) through my work in real estate. Mr Chen has been a property advisor / developer for 40 years, specializing in innovative projects in Australia and overseas. Yes, we know not all have been successful, but he has experience. His team of 12 specialist, professional consultants have carried out various technical assessments to set development parameters. The main areas were water (rain, bore and recycled), traffic (electric tricycles and car sharing will be available), environmental impact (a full report has been tabled), as well as eco-friendly sustainability.

Contp 6

Imagine - a development with 3 times the number of dwellings in Half Moon Bay; the Peninsula's population increasing by one third again in a short period of time and you'll get an idea of the scale of the proposed "Lifestyle Village".

How the development will affect you:

- *Long term traffic increases of 150 or more commuters on South Arm Rd; constant heavy vehicle usage during construction and increased water carriers for new dwellings.*
- *It intends to draw its water from an already stressed water table, potentially leading to increased salinity levels. This same water table will receive the outflow from 150 wastewater disposal systems, and any associated contamination that may occur.*
- *The sudden influx of a large number of new dwellings will impact negatively on property values in South Arm, tipping the balance of housing supply and demand.*
- *By their own admission the developers are attempting to exploit a 'loophole' in the planning scheme which, if approved, will set a precedent that may result in rampant development in all areas subject to rural zoning.*

Be wary of the developer's "eco" claims:

- *The development budget is \$30 million – approx. \$200,000 per dwelling – enough for a standard kit home but nowhere near the budget required for sophisticated renewable technologies as claimed by the developers*

SAPRA NEWS

Happy new year!

From all the SAPRA Committee – here's to a safe and happy 2010 on our Peninsula.

The work begins: The committee has enjoyed a well-earned break but will begin meeting on the first Tuesday of each month from February onwards. We have some exciting works planned this year so keep an eye on this part of your newsletter in the months ahead. Please do contact any of the Committee if you have any issues or ideas at any time – we're here to work for you!

Gellibrand Tomb to be preserved

At the SAPRA AGM, the committee were asked if they could do something to preserve the tomb as its condition is deteriorating. In the course of our enquiries we managed to contact a descendent in Canberra and discovered that they are planning to restore it. They hope to be starting work in the next month or so.

Maurice Potter has been including some of the history of the Gellibrand family in a series of articles in this Newsletter, the 3rd of which is on p.5

Need some funds for something worthwhile in our community?

You or your group could get some much needed financial support - SAPRA has funds available now for any worthwhile community project, cause or great idea anywhere on our Peninsula. Contact the Treasurer (Kerry Scambler) the President (Peter O'Keefe) or any Committee Member and share your ideas. Or write to SAPRA Treasurer, C/- South Arm Shop with details.

We had our own fireworks

Special thanks to Jack Koetsier for a spectacular fireworks display at the Opossum Bay jetty on New Year's Eve. Crowds gathered round the jetty and on the beach to watch. A video of the fireworks display is posted on the www.opossumbay.com website.

Clean Up Australia Day –

just one piece of rubbish can make a difference. Once again, it's time to mobilize your family and friends, don some gloves and help clean up our beautiful nation for Clean Up Australia Day 2010.

Sunday 7 March

There's a cleanup happening just near you!

Wildcare Deslacs (Clifton)

Meet at the corner of Clifton Beach Road and Bicheno Street 10.00am

South Arm Coastcare

Meet in front of the RSL at 10am. We traditionally get a great force out to help clean South Arm Neck and last year was no exception with locals including the Scouts and Joey Scouts making a tremendous effort.

Pipe Clay Coastcare

Cremorne Ave from the South Arm turn-off and down to the 40km sign has lots of rubbish so it would be great to get many hands to help clean up this stretch.

South Arm Fire Brigade

At the time of writing this article it is very dry in the district and we are still in a period of high fire danger, so please take care with fires, don't toss cigarette ends out of car windows and, most importantly, if you need the Fire Brigade ring 000. **Please do not ring a Brigade Member directly.** Doing so will only result in a delayed response from the Brigade.

Fire permits are still required, and although other areas and brigades have been quite busy, we have been fairly lucky so far with only a few small incidents in the area, though that could change quite quickly.

To get a permit you should contact one of the Fire Permit Officers, Richard Calvert on 6239 9412, Barry Heather on 6239 9564, Brett Arnold on 6239 9259 and Glenn Palmer on 6239 9346.

The TFS has released an updated version of its DVD "Bushfire Prepare-Act-Survive". The brigade has some copies available by calling 6239 9564, or a copy can be obtained through the TFS website www.fire.tas.gov.au or by calling them 6230 8600

Thank you to everyone for supporting our fund raising Supplementary Number draw each week. Thanks also to the South Arm Store for continuing to sell the numbers for us.

Handy for Arm End

Thanks to Oliver Strutt of the Southern Coastcare Association of Tas who helped South Arm Coastcare apply for funds to create a Management Plan for Arm End. We could do nothing out there till we had a plan. We now have funds and a timeline.

Of course our first step is to find out what the residents would like to see happen with Arm End and to this end we are having a walk around Arm End, a BBQ and a bit of talking and writing. Come and celebrate and tell us your ideas.

Sunday 14 March 10.30 – 1.00

Walk around some or all of Arm End
(2 hour walk for the full circuit)
"Treasure Hunt" for the children
Swim at beautiful Mitchell's beach
if it's hot
Shelter under the marquee if it's wet
Eat a sausage or two (free)
See weed and plant display
Talk and help formulate our plan.

Dick 6239 9739 / Rae 6239 9342

Iron Pot Cottage

A new Bed and Breakfast has opened in South Arm. Located at 10 Blessington Street, the hosts are Peter and Debbie Gwynn.

Fully accredited with the Tourism Industry Council of Tasmania, this quaint yet private accommodation offers two bedrooms, well appointed kitchenette, lovely bathroom, comfortable lounge area, with all modern conveniences and a balcony with view of South Arm Village, Ralphs Bay and the Derwent River.

For further information, please contact Peter or Debbie on 0412 533 658 – or call in!

Cremorne Celebrates

In 2010 Cremorne is celebrating 150 years of being part of Clarence. The area dates back to 1804, when Robert Knopwood landed at Cremorne, on his way to Hobart Town.

The first event on this year's calendar of celebration is Pipe Clay Day, on Saturday 6 March. This will be a big day out with lots of family events culminating with a dinner at the bowls club. A menu of local produce including oysters is on offer, with live music as part of the entertainment. Bookings can be made with Vicki Pearce on 0418992891 but places will be limited so get in early.

The year is filled with historical and community events and Cremorne is set to re-enact the last voyage of the Nubeena later in the year, with "Wrecked in Cremorne".

Pipe Clay Coastcare

This year the group will prepare an Activities Management Plan with the consultants Inspiring Places. Our group won a Community Action Grant (\$19,900) through the Federal Government's Caring for our Country program. The Management Plan's aim is to get as many local people as possible involved and putting forward their ideas on what coast care activities they would like to see happening.

The group already has a weed management plan funded by Council. This year the group will also undertake an Aboriginal Heritage Assessment through funding by the Council and the Southern Coastcare Association of Tasmania (SCAT). Please feel free to contact us if you would like to further discuss.

Contact: See back page (8)

Stepping Stones

Stepping Stones offers quality childcare from 7 am to 6.30 pm daily. We provide both permanent and casual bookings for babies and toddlers in Long Day, as well as Before and After School Care for school age children, including taking the children to and from school.

South Arm is part of the larger Stepping Stones group, with Sharnie Kelly now overseeing all southern centres. Lauderdale Vacation Care is now also run by Stepping Stones and this gives school age children the opportunity to mix with a larger group of children, be involved in excursions and a wider program.

At South Arm we are in the process of developing our outside area. We are also enjoying tending our new garden. We would like to thank Nick Woods, Brian from Island Recreation, SAPRA and Bibs and Bobs Landscaping for their support in this project. Thanks also to Corey Brown Electrical for our new washing machine. We would like to thank PCYC and the Calverton Hall Committee for use of the hall over the holidays.

We welcome new families to the Centre and are happy for families to visit the Centre and talk about how we can assist them. Over the past few months we have had children from several new families start at the Centre, as well as other children return to using the Centre.

Please contact us on 62 399590.
Marj Hart, Director, Stepping Stones South Arm

Cont from p 1

- Construction of access roads and cul-de-sacs will result in removal of mature native trees that provide important wildlife habitat.
- Clarence City Council assesses the conservation priority of Musk Beach, adjacent to the development as 'Very High'. The development's presence would have an adverse visual impact from South Arm Rd, Musk Beach and the neck that is at odds with the fragile coastal location.

We believe this high density housing development will have an immediate negative impact on residents of the Peninsula and leave us with issues that will continue to impact for years to come. We all must decide now how WE want the Peninsula to grow.

Have a say in your Peninsula's future. Contact SAPCO on 0488 125 977, at info@sapco.org.au or C/- South Arm Shop.

The South Arm Peninsula Community Organisation (SAPCO) should not be confused with South Arm Peninsula Residents Association.

Cremorne Playgroup – WOW - Starting Monday 15th Feb

Cremorne Playgroup begins on Monday 15th February from 9:30am – 11:30am. A special thanks to the Tasmanian Community Fund for their generous start up fund and the Cremorne Bowls Club staff and committee for offering their venue and support.

Further thanks also to the following individuals, businesses and organisations for their help in getting us started: Clarence City Council, Lazenby Sand, Cremorne Store, Mundy's Butchers, Mornington 3D Paints, Rosny Library, Rosny Bunnings, Spotlight, Michelle Thomson and JB Hi Fi, Lauderdale Primary School, Anitra's ex-playgroup, Sorell Men's Shed, Alan Dyson, Vicki Pearce, David Ross Shade Sails, Armando Bertoz, Charmaine Carlton, Helen and Brian Bennett, all who attended our fundraising quiz (we raised \$150), the building dads Johnno, Andrew, John and Geir, and all the mums, dads, grandparents and locals for their toys, bibs and bobs donations and working bee help. Apologies if we have forgotten anyone.

Remember you must have Playgroup Tasmania membership insurance to participate (\$25/year). Forms at the shop or contact Playgroup Tas on 6228 0925.

We still require a folding change table, sandpit toys, baby gym and easy to set up and pack away playpen and anything else you may think appropriate. If you have these to donate or want to lend a hand please get in touch (details on back).

If you can't make it on Mondays let us know and keep Sunday 7th March free as we plan to have an opening day BBQ for the kids and families to check out our toys, games and sandpit.

Jeni 6248 9975 or Jodie 6237 0720

Friends of Calverts Hill

The Friends of Calverts Hill have funding (\$14,000) to undertake weeding and fencing work to control serrated tussock and promote regeneration of threatened *Eucalyptus morrisbyi*.

The population of *Morrisbyi* on the reserve is declining and in need of on ground action to ensure its survival. Come and assist in the survival of one of our iconic eucalypts.

If you would like to become a friend please contact Jarrah or Geir at NRM South on 6221 6111 or after hours on 6237 0720 (Geir).

Church Gardening

This activity doesn't strictly fit in under the heading 'gardening'. We are just people who like the graveyard at St Barnabas to be cared for.

On the last Monday of each month a small group gather together to prune, rake, weed and generally try to keep the graveyard under control. Without them, after last winter's rain, the headstones would have all disappeared under the weeds. The last tidy up before Christmas saw a larger than usual gathering of 6 men and 2 women and such a lot got done.

If you have between 15 min to 3 hours to spare, we would love to have you join us. It is really encouraging to be working with others and lots more gets done. If you can't come on Mondays you are very welcome to do some gardening on your own ANY day!

We generally end up enjoying refreshments in the hall.

Jane Beavan 6239 9244

Become a Tai Chi devotee

The Chinese have long since mastered exercise techniques – most Tai Chi movements are graceful, stress-free and involve most muscles and joints.

Practice enables you to reap the richest reward, with breathing and movement following one rhythm. Feet, legs, pelvis, spine, arms and hands feel connected. With time and practice concentration is sharpened. A gentle and relaxing activity for all ages. See p.8

Marigold 6239 9541

named her Elizabeth Winspear Gellibrand. (I have been unable to find any records for Elizabeth Winspear Gellibrand yet there was, and is, a property named Winspears at the time at South Arm. Possibly named after a family.)

Joseph his wife Salina and Elizabeth arrived in New Zealand by boat March 1876 and travelled from Dunedin to Christchurch in the South Island. During this period there was a war between the Maoris and the Imperial troops over land at Te Ranga in the North Island. A meeting between Joseph Tice Gellibrand and Penetaka (Chief of Pirirakau Maoris) April 9 1876 brought an end to hostilities. Captain Arthur Crapp who was a leader of the Imperial Troops subsequently married Elizabeth on 28 February 1878. On 27th April 1876 the Maori chief handed over the land at Omokoroa Point to Joseph T. Gellibrand, and the family settled in the North Island at the town of Omokoroa on 27 November 1877.

Gellibrand Family continued.

Joseph Tice Gellibrand born 1826 was the third son of Joseph Tice Gellibrand (Attorney General of Tasmania) and Anne Isabella Gellibrand. He had an early education at St Johns College, Oxford UK returning to Tasmania briefly in 1847. In 1849 he was ordained Deacon by the Bishop of Bath and Wells. Returning to Tasmania that same year he married Salina Hannah Evans on 26 December 1849 and they set up home on the South Arm Peninsula. Joseph was ordained as a priest in 1850. One of my uncles has a bible presented to the Potter family by the Rev. Joseph T. Gellibrand during his time at South Arm.

While in Hobart Joseph became involved in building the All Saints' Church in South Hobart travelling there each time by boat from South Arm.

After retiring from the ministry in 1875 he ventured to New Zealand with Salina. Together they visited Dunedin and Christchurch then went on to England returning to Tasmania that same year. Joseph and Salina adopted a daughter who had been born 1848 at North Whitley Yorkshire UK. They

Tennis Court News

Have you been to the Tennis Court, or on the oval, recently? If so you will have seen the mural that Jill McKelwee and a group of students from the school designed and painted. It is a lovely bright depiction of activities that take place around the area. Thank you Jill and students.

The Hall Committee has decided to offer a Family Pass for the use of the Tennis Court. The pass would entitle a family to use the court as often as they wished. The Pass would be for 6 months and would cost \$80. Contact Noela 6239 9172 for details.

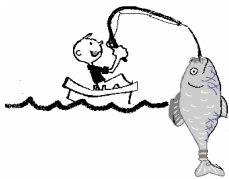

With daylight saving still with us some of you may wish to use the court after the shop has shut. If so contact Noela 6239 9172 for the key.

Another major consideration was to ensure that the project would be accessible and enriching for the ENTIRE South Arm Peninsula and NOT a gated enclave.

The Farm is to be a community in the best sense of the word. A working farm where all residents reap the rewards of fresh air, fresh produce and the most environmentally sustainable lifestyle new technologies can provide. **EVERYONE in the South Arm Community will be welcome to utilise the restaurant, tea house, wellness centre, arts and craft centre, community hall / wedding chapel, guest cottages etc. as well as buy and/or supply home grown produce in the produce stall.**

Please contact Ann on 0428 399 159 if you have any questions.

Ian Grubb and Ann Courtenay

Fishing News

Recently at the South Arm Jetty there were people fishing who had come from New Norfolk, Moonah and Rokeby. The man from New Norfolk was waiting for dark to set in before heading off to the Neck to go floundering.

The guy and his partner from Moonah had only basic fishing skills and were getting plenty of bites but no fish. I helped them re-rig their lines with some small long shank hooks on a triple rig with a heavier lead on the bottom. I trimmed up some tiny strips of flathead (skin on) and showed them how to fish for whiting as it was obvious to me that the rat-a-tat bites they were getting were from school whiting. Within a few casts they were hooking and landing good size whiting. An old Fisho once told me that a school whiting will only touch a bait once. Whiting is one of the tastiest fish in the sea, just roll in flour after cleaning and shallow pan fry until golden brown.

The fellow from Rokeby, to many screams of both fear and delight, landed a small octopus. When he said he would have to cut his line to get it off I was quick to grab it remove the hook and turn the occy inside out. When he said he didn't want it I was delighted because my Australia Day lunch then became a fresh calamari taken from the Opossum Bay wharf and a fresh octopus from the South Arm jetty which were combined to make a delicious warm Greek style salad washed down with a Boags light. That's what living in Tassie is all about. Tasmania Dayeveryday!

Till the next edition tight lines!

Bible Discussion Group

We are a friendly group, exploring important topics as recorded in the Bible. It's good to have a map to follow as you travel along life's way. We can't solve all the problems, but we can help each other. "Bear one another's burdens", as St Paul so aptly puts it.

We would be very happy for anyone new to join us. 3218 South Arm Road. We recommence on Friday 19 Feb at 10.30am.

Jane Beavan 6239 9244

News from the Market

We had a small Market for January, but the December Market was HUGE. 30 stalls. The Market raffle prize was won by Malcolm, (Malcolm in the Middle), a very nice man who loves looking after the grounds. The January raffle was won by Tracey, who was most surprised

Why not clean out your garage and have a stall at the market? And don't forget you can sell those excess zucchinis without having to pay a site fee.. leave them at the Garden Club Stall (who charge a small commission for Garden Club funds).

Pam Larkins 6248 9852

Saturday Dog Walk

We have met some more canine and human
friends during the past 6 months. We aim
to meet at 8.30am on the beach below Al-
gona Street in Halfmoon Bay for a fairly
gentle walk. You are welcome to join us
even if you don't have a dog, but enjoy
watching their antics. Hope to see you.
Jane 6239 9244

WANTED

Photos required. I'm looking for any photos
you may have taken on Anzac Day at South
Arm, from 1952 to year 2001. They can be sent
