First Responders

One of our most remarkable initiatives

The South Arm First Responder Group needs a few new volunteers. If you could only volunteer for one thing in your life, this would be it. It is such a fantastic service and very satisfying to know you really can make a difference to people in a health trauma. You don't have to be special or skilled, as training is given. If you want to know more, or would like to volunteer, ring Mandy on 6239 9310.

Grateful recipient: "I wouldn't be alive today if it weren't for the First Responders. Not only did they keep me alive until the Ambulance arrived, but they were a reassurance to myself and my wife. Living so far from Hobart as we get older it is very comforting to know we will get a fast response to a health emergency." JC of Opossum Bay

First Aid Course

They are also organizing a First Aid Course (Workplace standard), a certificated course run by the St John's Ambulance. It will be held in at the South Arm School Gym on Sat and Sun 28th and 29th August. The cost is \$160. There are only 3 places left. To book phone Mandy Hursey 62399310 now.

South Arm Community Pharmacy

They opened their doors on July 1 after a whirlwind four weeks of renovations and stocking shelves. Even before the opening, the activity had created quite a buzz in the community.

"Our aim is to deliver friendly and comprehensive health care solutions and competitive prices. We will be offering an extensive range of services and screening programs which we will let you know about once we have settled in a bit more.

You may have noticed that we have custom built a 'consultation room' in the pharmacy. Having this room will enable us to offer a wide range of health services and the opportunity to discuss your health concerns in a quiet area with complete privacy."

Continued P. 4

Creative Connections in South Arm

There was plenty of fun and creativity happening at South Arm Primary School during June.

Young people got involved with legitimate aerosol artists over 2 days to create a mural on the old water tanks by the entrance to the school.

The result was fantastic! The tanks have been transformed into vibrant works of art, and the young people who had the opportunity to be involved in the project should be really proud.

The workshop program is a part of Clarence City Council's Graffiti Reduction Program – Creative Connections, and one of 13 workshops being held in schools across Clarence.

The opinions expressed in articles in this Newsletter are not necessarily the views of the committee

By working collaboratively with the community and providing opportunities to work with and learn from established artists, Council's aim is to provide young people with increased knowledge and understanding of the destructive behaviour of illegal graffiti vandalism. Thanks to Nic Orme from Ruffcut Records and his team of artists who worked with the young people.

And many thanks and appreciation to South Arm Primary School, the Principal, teachers and students who supported and participated in the workshop. Your hard work has resulted in a community mural to be proud of!

SAPRA NEWS

Welcome Little Bees Early Learning and Childcare Centre: it was a flurry of activity behind the scenes to make the transition to our new and

much welcomed tenants of the Centre.

Besides the legal and financial arrangements involving the previous and new tenants, SAPRA, Council, the Little Bees team managed to give the centre a new lease of life as well with fresh paint and a makeover in time for their open day. **Please check them out** and support this business which in turn supports the many local projects SAPRA works on. They're a dedicated professional team which is headed by Kathy (deemed a local as she grew up in Sandford!) and committed to providing more than just a childcare centre.

Community Awards will again be presented at our next AGM (see below) to show our appreciation for the wonderful and often unnoticed hard work done by people in our community. The format will be slightly different and we'll need time to judge the nominations so start thinking and looking for the unsung heroes we know are here. We'll be calling for nominations in the coming months.

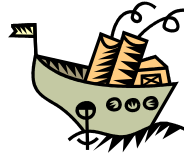

SAPRA Memberships are now due for the next financial year and a bargain at still just \$2 per person! Our membership list helps us credibly represent the community so please do help us to help you and join now. (Forms at local shops – thanks to all who help us with this).

The **SAPRA AGM** will be held in Nov with the usual **call for nominations for Committee**. Our group has had a great year with more people contributing than in many previous years. It's true – many hands do make light work and we share many a laugh and story along the way. **Thanks to the South Arm School** for continuing to offer their warm staff room for our meetings, especially appreciated in these cold winter months!

Cremonne Community Group

Spend the Sesquicentenary Wrecked in Cremonne

As part of our *Wrecked in Cremonne* event on **Saturday 9th October 2010** we are excited to announce that the internationally renowned sand sculptor **Peter Bignall**, will commemorate the grounding of the *SS Nubeena* on Cremonne Beach in October 1910 by sculpting a replica of it on the beach.

Peter will also hold a workshop on the techniques of sand sculpting which can then be applied by all participants in the great sand castle competition, so be sure to bring along your buckets and spades. The winners of the different categories will be presented with their trophies at the official opening at 3pm when the flotilla for watercraft, large & small, will re-enact the grounding of the *Nubeena*.

The Commemorative Quilt to be unveiled at the opening is well underway. The Cremonne history group is still seeking photos, objects and stories about Cremonne. Contact Di on 0419 597 336

Titled *Spend the Sesquicentenary Wrecked in Cremonne*, the event is part of the celebrations marking a hundred and fifty years of the Clarence municipality.

Contact the Convenor, Cremonne Community Group, Vicki Pearce (0418 992 891) for further information.

The Cremonne Quilters at work: (L to R) Cheryl Talbot, Di Monks, Julie Dyson, Jan Street absent, Julie Sanderson

Avenue of Red Flowering Gum

We had a very successful and fun planting day on June 5th.

The weather was terrible, the turnout was wonderful. About 40 people turned out to plant the first stage of what will be a distinctive avenue for our area. All the trees were 'adopted' and will be cared for over the next year or so. In fact we have adopters waiting for some of the next trees!

Many thanks to the Fire Brigade who filled the holes with water prior to planting; to Michael Lazenby for the soil for planting; to the Council for the trees; to Lou Smith for making her home available for the luncheon; to Robin Barnes at the shop for donations of bread etc; and to our many behind-the-scenes helpers.

Plans are under way for the second stage, South Arm Cenotaph to Bezzants Road, in late September.

South Arm Fire Brigade

With all the rain the area has had lately it's hard to think of bushfires in the coming spring and summer, but good rains mean good spring growth with the possibility of another busy fire season.

With the worst of winter still to come there have been a number of structural fires around Tasmania over the last month or so, and the last thing anyone wants is more of the same, so please be careful with heaters and make sure your smoke alarms are working.

If you want any advice on fire protection for your house or property please contact the Brigade Captain Richard Calvert on 6239 9412.

The brigade is now almost at full strength but it would be really good to have a just few more active members, especially more female firefighters, so if you are interested in joining the brigade as a volunteer firefighter or just want to know more about us, please contact the Brigade Captain or come to the Station on any training night. Training is always the second Tuesday in the month, commencing at 7.30 pm at South Arm Fire Station.

Continued from front page

For any person who is interested in entering Council's Aerosol and Stencil Art competition, with prizes totalling \$2,500 for different age categories, please contact the School House Gallery for an entry form or information on 6245 8740 or download a form from Council's website www.ccc.tas.gov.au

Work entered into the competition will be exhibited during the ST.ART (Street Art and Music) Festival held at Rosny Farm on Saturday 28 August. The free Festival day includes a range of Street Art and music activities for young people.

We hope to see you there, so get creative!

Community Services - Clarence City Council

A Better Bus Service

For Cremorne/South Arm/Opossum Bay

Metro is proposing changes to the bus service in order to reduce travel time to and from our area. For example: The 5.22pm bus from Hobart would be an Express along the Tasman Hwy to Shoreline (saving 7 mins). If this bus no longer does the 'Lauderdale Loop' it would save another 13 mins (so that makes 20 mins). The Cremorne service at this time would be 'by request', so on some days, if the bus doesn't go into Cremorne (10 mins), the South Arm/Opossum Bay passengers could get home 30 mins earlier than at present!

By the time you read this these changes may have already taken place. Please support the local Metro bus service
Remember: USE IT or LOSE IT.

“We can hold your repeat scripts for you to save you the worry. When you need them dispensed, you can phone or email ahead and we will have them ready for you.

We have done our best to provide stock that we think you might like, but if there is something missing, please let us know and we will do our best to source it for you.

Pop in to see some familiar faces and meet some new ones. We borrow Karen Kelly, the school bus driver, for a few hours each day to keep her off the roads! Nikki Sheen will be working when Karen needs a break. Shane Jackson and Kim Fitzmaurice are your pharmacists with many years experience between them.

If you would like to know more, have a look at our webpage at www.southarmpharmacy.com.au or join our group on Facebook, or call by and see what we can offer.

And finally, a big thank you - the support shown by the people of the South Arm peninsula has been overwhelming. We could never have imagined how appreciated our little pharmacy would be. Thank you to all of you who have popped in to say hello and express your support, and if you haven't yet had the chance we look forward to meeting you soon.”

Cremorne Play Group

The facilities and fun at the Cremorne Playgroup keep on getting better. The group recently received a \$2,000 RACT community grant to install a softfall rubber surface over the rough and uneven concrete in the courtyard where the sandpit is located. The grant also covered the installation of gates to provide a safer play area. Many thanks again to Brian Freeman and Ian Pearce for their generous time in helping with the installation and Island Recreation for their services.

Rosny LINC is going to provide a one off Rock 'N' Rhyme session on the 2nd of August. All are welcome and there is no extra charge.

Playgroup is held inside the Cremorne Bowls Club and is heated during the winter. The car park area is sealed off from vehicles and on winter sunny mornings is very warm for the kids to ride the bikes up and down.

Our treasurer is moving interstate for a year so we need a replacement - please let us know if you can help out. Any ideas for the group please let us know.

Pipe Clay Coast Care

The group is happy to announce that we
have recently received a \$20,000 grant
through Tasmanian Landcare to employ
contractors to further tackle Weeds of
National Significance (WoNS) in the
Cremorne area. The funding is via the
Federal Government's Caring for our
Country initiative. The main weed is
serrated tussock which has a heavy infesta-
tion on Calverts Hill and surrounding land.
It is a major threat to the threatened species
of Eucalyptus Morrisbyi on the hill as it
invades the understorey and in times of
drought is a major bushfire risk.

The draft Cremorne Foreshore Community
Management Plan (also funded through a
Caring for our Country grant) will be
available for public comment towards the
end of July/ early August through the shop
and on the Coast Care notice board.

Gellibrand Vault

(cont from last N/letter)

A few months ago some friends of mine
who are related to the Mortimer family
who settled at Muddy Plains in 1825-36,
passed on a letter written by Martha Jane
Mouritz the daughter of Henry Mortimer
which reads:

*"In October 1839 we Ann Selina and I,
went to stay at South Arm for a few
weeks. We enjoyed it immensely as we
stayed with Mr. Gellibrand and his
housekeeper Mrs. Watkins. I think from
what I can remember he must have been
nearly 80. We were made much of by
Mr. Gellibrand; he would leave early in
the morning to dig a little every day on
the grave. (Mr. Gellibrand died 1840)
which was on a point of land
just half a mile from the
house. (I believe the monu-
ment was erected there after
his death). He used to make
Ann and I race there before
breakfast. While we were
there we had a narrow es-
cape.*

*An old fisherman named
Jimmy had his hut near the
beach and went out fishing
most days. On one occasion
when Ann and I were sent to the beach to
play, Jimmy was out in his big boat so
we untied the dingy, which was just float-
ing, got in and drifted out with the tide.
Fortunately old Jimmy saw us and towed
us in again.*

Henry Mortimer left Hobart
on the 4th December. The
vessel hove to at South Arm
and Mrs. Watkins took us
three girls out in one of
their yachts, (They had two
boats the "Amphitrite" and
the "Star") to meet the
vessel. Goodbyes were said
and on we went."

Maurice Potter.

Ralphs Bay SAVED!
 after 6 + years of effort

THANK YOU to hundreds of South Arm Peninsula residents for your help in protecting the Ralphs Bay sandflats. The Tasmanian Planning Commission (TPC) not only rejected the proposal to bulldoze the Ralphs Bay Conservation Area, but also confirmed the area meets the criteria for Wetland of International Significance status.

The Integrated Assessment Report can be read at the TPC website, and we also have links to it (and to recent media reports) at www.saveralphsbay.org

Cremorne Bowls Club

A warm welcome to our three new members of the Committee. Brian Bennett, Maree Fisher and Bill Edmunds.

Pennant Bowls commences again in October. But the fact that we do not play competitive bowls during the winter does not mean that the Club closes.

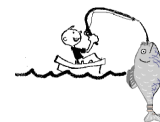

Indoor Bowls has continued to be a strong and competitive competition. A special thanks to the new players who have tried bowls for the first time. They have proven to be successful and many of the older bowlers are being put under pressure.

This year we had a mid season break, following the example of our Australian Rules Footballers. We were able to use this break to have a Dinner at the Club.

Thank you to Michelle who did a wonderful job with the catering. Although she denied it, I was convinced that it was a gourmet meal. Also thanks to our M. C., John who added some fun and humour to the evening, although he still has not managed to give away the trip to Tunnock.

Social Bowls on Tues and Sat takes advantage of the wonderful sunny winter that we are experiencing. Keith's soup has continued to be a great hit on a Tuesday and a vital part of the event is looking forward to what exotic variant we will be presented with. Saturday is also well attended and Ben's sava's are a great chance to debrief after the game. These games are the ideal way to be introduced to the game of bowls, so if you are at all interested in playing competitive bowls in the future contact the Club. No experience or bowls needed at first. The Club can provide encouragement and bowls.

Fishing News

It's Flounder Time

Well it's that time of the year again when fishers can indulge in one of the great fishing experiences of a cool night and calm conditions, with a healthy walk in the shallows in pursuit of one of the jewels of the sea, the flounder. If the seasons are true, towards the end of July and into August sees the arrival of the southern sole spawning run, to complement the availability of the local greenback flounder.

With my trusty fishing buddy "Eagle Eye Jack" we have recently scored good catches of large greenback after a couple of hours wading under the southern stars in the South Arm Bays. The run-in tide is clearly the best time to hunt flounder. Remember the minimum catch size is 250mm so please take care in sizing fish before spearing them.

On a recent Friday night I fancied beer battered flounder but then found that I had no beer in the fridge. However I did have some "ginger beer". As I was feeling a little adventurous after a couple of reds, I added a small bottle of ginger beer to the mix of 40% plain flour, 40% SR flour and 20% cornflour with a teaspoon of salt. After dry flouring the flounder I deep fried them until golden brown and served them with a generous squeeze of fresh lemon. As Con the fruiterer would say, they were 'bewdiful'.

Tight lines!
 Darryl Howlin

Remember we are more than a bowls club and all members of the local community are welcome to become members and make use of our facilities.

Glenn Bremner, Cremorne Bowls Club

The South Arm Market news.

The market last month was wonderful, Dot Kelly donated a delicious basket of goodies. All wanted to win, but Anita Fry from All That Jazz Jewellery was the lucky one, her first ever raffle win.

Now that the Market at Moonah has closed we welcome those marketeers to a proper country market. Booking details are listed on the back page.
