Let's Spend the Sesquicentenary Wrecked in Cremorne

On 9th October Cremorne is commemorating the centenary of the wrecking of the SS

Nubeena on Cremorne Beach (on 7th October 1910) with a day-long event funded by a Clarence City Council Sesquicentenary grant.

Throughout the day children will be treated to a range of activities (see below); Steve Morrisby will lead a special walk; the local history committee is presenting a history display; all leading up to the **Main Event** where people gather on the beach at 3pm to present prizes for sand sculpting and photography and finally, as the sun sets, there will be a **Parade of Light** from both ends of the beach and from the flotilla of boats in the bay as they come ashore. Then, just as the shipwrecked survivors of the *Nubeena* did, everyone will gather around the bonfire, to eat, drink and be merry.

Childrens events start at 8.30am with a community

150 YEARS 2010
of Clarence

Back to South Arm Fun Day

Sunday 17 October
Calverton Hall and oval

This will be a family fun day with lots of free activities, food and live music.

Activities for children include: donkey rides, jumping castle, face painting, sausage sizzle, magician, balloons .. all free!

Most of our groups and businesses will be there with stalls and many give-aways. There will be displays of Zumba and Belly Dancing and an interesting historical display in the Hall.

Buy some famous South Arm Pinkeye potatoes or a delicious Devonshire tea.

Why not ride your bike to the oval and leave it with our Bike Valet for safe keeping!

South Arm Peninsula Flowering Gum 'Avenue'

Red Flowering Gums (which come in many colours) are being planted on one side of the road between the South Arm Neck and Opossum Bay. This is a community initiative and people are helping to plant and 'adopt' trees to ensure they are watered over the first summer.

See page 2 for details of stage 2 of the planting .. 26th September

SAPRA NEWS

Great news – the **BBQ and shelter facility** near the oval will be started soon.

This joint project between SAPRA, Calverton Hall and Council will provide a great gathering point for families and friends, especially coming into the warmer months. Perhaps with the wafting, tantalising smell of bangers sizzling away on the BBQ there would be time to enjoy a pre-lunch game of cricket?

With Stage 1 of the **‘Avenue’ of Flowering Gums** being such a huge event, Council has approved Stage 2 following community consultation. What a colourful display this will create to greet visitors and residents as they travel between South Arm and Opossum Bay. Great work Dick Vaughan and your merry band of volunteers!

Nominations for SAPRA

committee will open soon and close a week or so before the AGM. Keep an eye out at the shops or ask a committee member for a nomination form. (To request a nomination form via email – contact kerry@smsaccounting.com.au).

AGM .. To be held in early November. Have a think about special people who do so much for our communities .. We will be presenting ‘appreciation awards’ again this year.

At the Back to South Arm Fun Day (front page) **SAPRA will have a table**, so visit us to pick up your South Arm Welcome Bag (in which you can carry the goodies you get from the other stalls) and find out just what we do - you might be very pleasantly surprised!

Continued from front page....

Red Flowering Gum ‘Avenue’

Help us achieve something really simple, distinctive and beautiful for our community.

Sunday Sept 26th—2pm
Meet at Saltair Court

After the planting we are having a cuppa at Calverton Hall, you might like to bring biscuits or cake to share

To help us plan, let us know you will be able to plant and/or adopt a tree
Enq: Dick Vaughan, 6239 9739
or Rae Calvert, 6239 9342

Another testimonial for our wonderful First Responders Group

“It wasn’t a life-threatening call when I phoned for an ambulance, but being on my own I felt I needed assistance or perhaps hospital. Eight minutes after my phone call two lovely ladies were at my door. The First Responders had arrive to give comfort and help. They immediately took over, giving me oxygen and taking my blood pressure.

When you live on your own it is so nice to have someone with you just to reassure you while waiting for the ambulance. The First Responders Group did just that.

I know my call didn’t save my life, but since then they have saved the lives of two local people.

What a wonderful group to have available in our community. Many thanks, D.”

We’d like to publish other comments so please send Rae your happy tale. raecalvert@gotalk.net.au or 6239 9342

Be a part of it

First Responders would still like a few more volunteers to help. Training is given and you would be helping to provide a valuable service to our area.

Give Mandy Hursey a ring to find out more about it 6239 9310

A Better Bus Service for Cremorne / South Arm / Opossum Bay

Thanks to all those residents who phoned and emailed Metro, they have at last changed the timetables so that we can get home earlier. Catching the 5.22pm bus from Hobart, Cremornians can get home about 6pm and South Armites about 6.15pm.

But we need more people to save petrol and enjoy a relaxing trip on the bus. Remember:

USE THEM or LOSE THEM
Leah McDougall

Improved boating facilities

Cremorne will receive \$80,000 through the Recreational Boating Fund managed by Marine and Safety Tasmania (MAST) for a pontoon at the end of Cremorne spit.

Boaters who would like a project considered for the next round of funding can go to the MAST website: www.mast.tas.gov.au

Little bee.

Little bee has a unique 'Getting ready for school, play based curriculum' combined with a long day care time frame, with opening hours from 7am to 6.30pm.

Our curriculum was created and designed by Kathy O'Neill, based upon years of experience as a qualified kindergarten teacher in Australia and the U.K.

Little bee's curriculum offers individual and age related outcomes for every child. Our centre is a Long Day Care centre that also caters for before and after school care, suitable for children from 6 weeks to 12 years of age.

One of the strengths of our curriculum is that parents can see how the program accommodates each child as an individual as well as fully encompassing the group each day through our unique 'daybook' system.

Our 'daybook' is a means of recording information and observations about the activities their child has taken part in. In our day book our observations and photographs of the children are linked to our key learning outcomes, exclusive to our curriculum. Our 6 key learning areas are:

- Physical
- Creative
- Personal social emotional
- Language and literacy
- Mathematical development
- Knowledge and understanding of the world.

Little bee invites prospective parents to come at any time of the day and meet our friendly experienced staff by appointment.

Successful Community Bus Grant Application

I am so pleased to announce the successful application for a community bus grant which will have positive outcomes for the community of South Arm.

The Risdon Vale Neighbourhood Centre in collaboration with SAPRA (South Arm Peninsula Residents Association) will now be able to deliver community-run transport options allowing residents access to a range of available services and programs.

The 'Cars for Communities Program' is helping Tasmanians become more involved and with the acquisition of a new bus, the South Arm community will have access to a volunteer driver and the bus for one day per week.

Given current transport issues, this news is a great boost for the area.

Inquiries can be made to the above neighbourhood centre on 6243 5752, but for now, the process of choosing a bus is underway.

Entry is by donation

Don't miss this special event.

St Barnabas Church

Services are held regularly every Sunday at 5pm. The congregation is not large, but there is a welcoming, caring, loving spirit.

The first Sunday each month is enlivened by the children who come. They have a children's session in the hall while the service is in progress, after which everyone shares in a 'child friendly' meal. Usually all is over by 6.30pm and we go home to a relaxing evening with everyone fed.

If you prefer a quieter more dignified meal, this happens on the third Sunday following a service of Holy Communion. If you think you might like to find out more, or are reticent about going into a new situation, ring Robert (our minister), on 6248 8455, Kaye 6239 9656 or Jane 6239 9244

Helping people breathe better

By John Bell

Brought to you by South Arm Community Pharmacy

National Asthma Awareness Week is about a condition directly affecting over two million Australians, almost more than anywhere else in the world. One in six children and one in ten adults live each day with this life-threatening disease. Asthma is a potentially very serious condition likely to cause at least discomfort, quite possibly severe disability and perhaps even death. Managed appropriately, asthma should not be a major concern; but for most people with asthma, proper management is considered too onerous – or just not considered at all.

A variety of factors can trigger the inflammation which causes the symptoms of asthma – wheezing, shortness of breath, chest tightness and coughing, particularly at night or in the early morning. These include allergies, viral infections and inhaled pollutants such as tobacco smoke, dust and dust mites. Cold air exposure and exercise, reflux disease, certain medicines in people with super-sensitive airways, even laughing, especially in children, are all possible triggers.

Identification and avoidance of trigger factors goes a long way towards asthma control. But most people with asthma will need preventer and reliever medicines as well. Which medicine is best and frequency of use depends on the persistence and frequency of your symptoms.

We don't yet have all the answers as to the exact underlying cause of asthma nor do we have the perfect single treatment but with the recently revised *Asthma* and *Asthma Medicines* Self Care fact cards (available from South Arm

Community Pharmacy) you can understand how it can be well controlled for a normal and active life, free of symptoms. Kim and Shane at the Pharmacy are more than happy to discuss your medicines or concerns.

With good asthma management strategies we should all breathe a little more easily.

Would an
extra \$500

help pay for education costs?

Saver Plus is a matched savings program funded in Hobart by the Federal Government. There are places available in your community until October this year.

By joining & saving \$50 a month for 10 months you will

receive an **extra \$500** (tax free) to pay for a laptop/computer, school uniforms, books & camps, sports, music, TAFE, uni books & more. Four financial/budgeting sessions are included and held at Rosny Library.

You need to be over 18 and have a child in school (or be studying yourself), a health care or pension card and some regular income.

Contact Karli on 6223 7264 or email karli.fone@thesmithfamily.com.au

Pretty Yellow Flowers

Boneseed is a declared weed in Tasmania and must not be sold, transported, traded or planted. Property owners are required by law to remove Boneseed.

The problem: It is an aggressive invader of native bushland and can out-compete native plants. It is also highly flammable and increases fire risks. A plant can produce up 50,000 seeds and they can lie dormant in soil for at least 10 years! They are found hundreds of metres from the original plant and can survive salt water. One tough cookie!!

Opossum Bay Coastcare is working hard to remove it. Please come and help us (last Sunday in the month) and/or make sure you don't have the plants on your property.

Don't know what it is? Sandy from the Southern Tasmanian Weed Strategy is coming to tell us all about it and what they are going to be doing to help us eradicate it.

**Monday 4 October
7pm**

South Arm Coffee Shop

AND, Coastcare will have a display at the Fun Day on the Oval Oct 17 to help identify our weeds.

Dick Vaughan 6239 9739 or
Rae Calvert 6239 9342

Wrecked in Cremorne .. Cont from front

Colonial games on the beach will be held between 1pm and 3pm. Younger children are invited to **Roll up to the Big Tent** at 4pm and take a ride on the last voyage of the *SS Nubeena*, get washed up on the wild beach of Cremorne and fight off the pirates as they try to steal your treasure. Whilst those who are eleven years and older, are invited to turn up at 5pm to **Syrup Night Club comes to Cremorne**, for a **FREE** underage daytime "night club" with the chance to work with the best DJs and try your hand on the turn tables.

"Walk on the Wild Side" with Steve Morrisby, who will lead a walk finishing with a stroll up Calvert's Hill to see a rare stand of *eucalyptus morrisbyi*. Meet at the Cremorne Store at 11am. Appropriate footwear & clothing are recommended.

An exhibition on the history of Cremorne will open at 3.30pm on Sunday 3rd October at the Cremorne Bowls Club. This runs daily 10am and 4pm until Saturday 9th October. Photographers have been busy recording aspects of life in Cremorne for our "24 Hours in Cremorne" competition.

"The Main Event" will kick off at 3pm on Cremorne Beach to commemorate the last voyage of the *SS Nubeena*. We will present the awards to the winners of the sand sculpting and the photo competition, before welcoming the flotilla and recalling the grounding of the *Nubeena*.

As the drums mark the setting of the sun, participants from either end of the beach will converge on the *Nubeena's* boiler in the "Parade of Light". The flotilla will join the parade by rowing ashore with their lanterns & lights ablaze. Then, as did the shipwrecked survivors of the *Nubeena*, we will gather around the bonfire.

Enq: Vicki Pearce, 0418 992 891
Convenor, Cremorne Community Group

South Arm RSL Sub-Branch Remembrance Day 2010

11th November

The Community of the South Arm Peninsula is invited to attend the Remembrance Day ceremony at The "WALL OF REMEMBRANCE" situated within the grounds of the South Arm R S L & Community Club. You should arrive no later than 10.15a.m. Seating will be available. Sing Australia Choir will join us. All the local schools are participating and there will be a guest speaker.

Refreshments will be available, and lunch at a cost of \$10.00. It is important that R.S.V.P's to Terry Roe, President South Arm Sub Branch on 040 014 0870 or Troeyl@bigpond.com no later than 30th October, to enable catering to be finalised

Morrie Larkins

Church Gardening

This is now held on the first Monday of the month (instead of the last). A few people get together to try and keep the graveyard under control, weeding, pruning, etc. No great gardening skills are necessary! Our youngest helper last time was just 18 months old (and very helpful too!). If you don't like neglected churchyards, please do come and join us. Any time between 9am and 12 noon, finishing with refreshments in the hall.

Bible Discussion Group

We've now been meeting for 15 years and lots of subjects and Bible books have been discussed! The faces have changed, but the numbers have remained about the same, with an average of usually 7 or 8. If you would like to know more, or to come and have a talk, see a video and have a cuppa please ring Jane on 6239 9244.

South Arm Coastcarers will be recording and removing weeds along the cliff top track off Jetty road on **September 19th—10am—midday**. Council will later remove the larger plants as they improve that track in the near future. Rae Calvert 6239 9342

Kids Care for Tasmanian Coasts

This project connects school students with their local coastal community group by engaging students in growing native plants from seeds collected by the group for rehabilitating a local landcare/coastcare site.

Plant propagation is based on the Understorey Network method of growing seeds, where tubes are packed into polyboxes and seeds direct sown into the tubes, then thinned out to the strongest plant.

Community groups will receive training and equipment to collect and

clean native seeds suitable for local coastal revegetation and each school will receive training and materials to grow 250 plants (seeds, native potting mix, forestry tubes, gravel, polyboxes). The tubestock plants will be handed back to the Coastcare group by the students and a planting day organised together at a coastal revegetation site.

Plants will be used for dune stabilisation, penguin habitat, erosion control and increased plant biodiversity

Planting the seeds, with Oliver Strutt

Anyone for Thai Fish Cakes?

I've often been asked how my Thai fish cakes are made. When I dined out recently in Hobart Thai fish cakes were on the menu, so I decided to order them as an entree. When they arrived they looked great, but the texture and taste was ...frankly awful.

There is one key ingredient to making world class Thai fish cakes, and that is making them with the right fish. After much experimentation it was a great surprise to discover that fresh flathead were without peer for making Thai fish cakes!

So how do you make them? Firstly you need a blender! Skin and debone about 1kg of flathead fillets and put them in the blender. Add a few good shakes of fish sauce, about two good teaspoons of red curry paste (a little more for hotter or less for milder), about a heaped dessertspoon of sugar and about 4 finely chopped lime leaves. Blend all the ingredients together until the flathead is finely blended or paste like.

Shape the mixture (it's sticky!) into hamburger like patties about 10mm thick x 60 mm round. Deep fry in hot oil until golden brown or until the fish cakes puff up and float.

Serve immediately with a sweet or chilli dipping sauce on a bed of jasmine rice garnished with coriander, cucumber and red onion.

Bon Appetite! Tight lines! Darryl Howlin

The South Arm Market Raffle

We have received a letter from the RSL
Sub Branch thanking those who have
donated prizes, as the money raised
from the raffle will go towards a
wheelchair that the Sub-Branch hopes
to purchase for the Community.

The gift donated by Anita from All
That Jazz was won by Lyn McLeod
and the August market raffle, a
gourmet basket, was won by a lass
called Peta who was 'over the moon'.

Many apologies for cancelling the
September Market, but the weather was
really bad .. it's a very rare occurrence
down here. We've never cancelled one
before. We hope we didn't incon-
venience people and look forward to
seeing you next market—October 3rd.

Pam 6245 9852
