TASMANIA DAY and SAPRA's AGM Celebrating our many volunteers

You are invited to attend a community reception
to recognise the contribution of volunteers to the South Arm community.

**Sunday, 7 November 2pm—3.30pm
Calverton Hall**

We'd like your input with three things:

1. Nominations for special community awards
2. A photo / photos / collage of volunteers in action, to display as part of the celebration .
3. Items to be discussed at the General Meeting (what IS happening at Fort Direction, etc).

Please forward to SAPRA, c/- South Arm Shop by the **end of October**.

Let's thank our volunteers

SAPRA NEWS

SAPRA AGM

The AGM will be on Sunday 7th November and include our community awards presentation

= put it in your diary now!

Tasmania Day: This will be a 'special' AGM as we will be celebrating Tasmania Day with a celebratory afternoon tea.

Nominations for Awards: Don't forget to send in the name of someone who deserves a 'pat on the back' for the work they do in the community and has hitherto been unrecognized.

Nominations for SAPRA committee: Now open, and close a week before the AGM. Keep an eye out at the shops or ask a committee member for a nomination form. (To request a nomination form via email – contact kerry@smsaccounting.com.au).

South Arm to Opossum Bay Track

Council have contracted out the maintenance work on this track and it is expected to be carried out before Christmas.

Spent the Sesquicentenary 'Wrecked In Cremorne'

The good citizens of Cremorne were left truly "Wrecked" after a full day and night of celebrations on Sat 9th October. A full program of activities saw more than 200 residents, past residents, guests and visitors mark Clarence's sesqui-centenary by commemorating the centenary of the grounding of the *SS Nubeena* on Cremorne Beach.

We want to thank the people of Cremorne for making "Wrecked" a truly great event through their enthusiastic participation in all the activities. We wish to extend our gratitude to **all the volunteers** who, through their generosity, made it possible for our very small group of twelve souls to run such a varied program.

We would also like to recognise our generous local business owners who donated their time, goods and services to the day; Julia Dineen Designs, Cremorne Store, Sackett Electrical Services, Syrup Night Club, Crotty Legal Dental, AC Plumbing, South Arm Community Pharmacy, PMM Real Estate, Harmony Garden Centre, Lazenby Sand and Tassie Cycles. Thank you.

The contribution of our community organisations; Cremorne Play Group; Sandford Fire Service, Sandford Scouts, Cremorne Bowls Club, Maritime Museum, SAPRA and the St. John's Ambulance Service, is gratefully acknowledged.

We were entertained throughout the day with music from the *Eastside College Band*, wonderful local group, *Martinique*, the talented local musician *Dylan Miller*, and *Bliss* who kept us dancing into the night.

Many other good corporate and local citizens also helped make "Wrecked" a success and we hope to thank you all personally in the near future. We shall share some of the outstanding moments of "Wrecked" with you in the next few newsletters.

Vicki Pearce. Convenor
Cremorne Community Group

South Arm Primary School

Enrolments

Enrolments are now being accepted for South Arm Primary School for 2011. 0-3 programs, Pre-Kinder group (3 years of age) and all classes from Kinder to Grade 6.

Please phone the school (62399126) or get an enrolment pack from the school office.

Anna Viney, Principal

South Arm Primary needs your help!!!!!!

We are seeking volunteers to work with small groups of children on a regular basis in the vegetable garden and with cooking activities. You don't need to be a Peter Cundell or Nigella Lawson. We will provide basic training to get you started and ongoing support. If you have some spare time and would like to participate please phone the school on 62399126. Your help would be much appreciated.

Garden Tools

If you have any spare garden tools that you would be prepared to donate to the school please contact us on 62399126.

South Arm Fire Brigade

By the time this article goes to press the fire permit period will almost certainly have been announced. Permit Officers for the South Arm and Opossum Bay area are:-

Richard Calvert on 6239 9412, Barry Heather on 6239 9564, Brett Arnold on 6239 9259 and Glenn Palmer on 6239 9346.

All the indications are that we are in for another busy fire season and the Tasmanian Fire Service and the South Arm Brigade urge all residents to be fire safe this summer.

There have already been a number of fires recently, luckily outside our area, which proves how dry the State is. Even with the recent rains the bush is drying out very fast, so now is a really good time to clear up around your property and create a safe zone in case of fire.

Please don't forget to change the batteries in your smoke alarm now daylight saving has started. Smoke alarms can and do save lives, but only when the battery works.

Most importantly, if you need the Fire Brigade please ring 000. **Please do not ring a Brigade Member directly.** Doing so will result in a delayed response from the Brigade.

The brigade is at full strength at the moment, but we are always interested in attracting new members so if you are interested in joining the brigade as a volunteer firefighter or just want to know more about us, please contact the Brigade Captain on 62 399 412 or come to the station on training night, which is always the second Tuesday in the month.

Glynis Heather
 Brigade Secretary
 6239 9564

Surf Lifesaving

Are you looking for a fun summer activity? How about trying surf lifesaving!! It's a great way to make new friends, learn how to keep yourself safe at the beach, and enjoy the water. Clifton Beach Surf Lifesaving Club's **Nipper Program** is starting up in October. For more information visit our website at

www.cliftonbeachslsc.com or email Robyn Fannon at fannonpearce@bigpond.com.

"YES, WE DELIVER!"

Sniffing and sneezing our way through Spring

Written by John Bell and brought to you by South Arm Community Pharmacy

Hay fever, known medically as allergic rhinitis is a common condition in Australia affecting about 40% of the population at least to some degree.

Substances which in most people would cause no reaction, actually cause a severe allergic reaction in the sensitive ones amongst us. These substances, generally called allergens or trigger factors, include wind borne pollen from grasses, weeds and trees – more likely to be troublesome around this time of year.

But hay fever can occur all year round. When it does, the most common trigger factor is exposure to dust mites. Similar year round symptoms can be caused by animal dander – the dead skin cells from our pets especially cats. Mould and mould spores can cause the same sort of problems.

Avoiding trigger factors altogether is the best option. But, when that is not possible, appropriate medication can work very well.

Which medication we choose will depend on the severity and frequency of symptoms. Mild symptoms occurring less than four days a week or less than four weeks at a time respond well to oral antihistamines. The new non-sedating antihistamines will be the best choice.

If your symptoms adversely affect your activities; or the symptoms persist for more than four days a week or more than four weeks at a time, then the nasal sprays will be the most appropriate treatment. When symptoms are severe a combination of antihistamine and nasal spray might be required.

You can get some good advice on how to manage even the toughest forms of allergic rhinitis on the Hay fever Fact Card available at our Self Care Pharmacy. Come and see Karen, Nikki, Kim and Shane at South Arm Community Pharmacy.

Avenue of Red Flowering Gums

On 26th September an enthusiastic group of people planted 53 Red Flowering Gums beside South Arm Road. Most have been 'adopted' and will be watered and cared for over the coming summer.

If you would like your very own tree/trees, there are 8 'orphans' who need a carer. Nos. 14, 15 and 16; 22 and 23 and 28, 29 and 30 just past the new Hope St. If you are able to look after one or more of these, please contact Rae 6239 9342.

This planting was for Stage 2 of the project which will ultimately link South Arm and Opossum Bay with an 'avenue' of Red Flowering Gums. The next two (or three) stages will not be planted until autumn 2011. See you then!

We would particularly like to thank people / businesses who donated to this project: Council for trees and guards; Bunnings for large stakes; Lazenby Sand for filling soil and the Fire Brigade for the initial watering of the holes.

Please support the people who support us.

Dick Vaughan 6239 9739

Saturday Dog Walk

Most of the winter we've enjoyed lovely Saturday mornings, but even in the worst weather some intrepid people set out with their four footed friends at 8.30am. If you or your dog would like to join us, ring Jane on 6239 9244.

Fishing News

Calamari and Salmon
Ahoy!

Blackback or Australian salmon have arrived in southern waters for the spring spawning run.

Recently I noticed a large school off Opossum Bay but I didn't get too excited because in previous years I have observed that at about this time the Blackback gorge on a red plankton in the river and they don't appear to want to eat anything else once they get onto this plankton. A few years ago I trolled around and over a huge school of these fish, but they just weren't interested in the Halco silvers I trolled.

There must be something in the plankton that the salmon crave. I'm not sure if they crave it before or after spawning but I have a suspicion that they gorge on it before spawning. Wish I knew what was in it!!!

The squid season will commence soon. The early season produces the large Calamari which spawn and then die. The mid season produces the smaller offspring until they become quite big towards the end of the season. Don't forget to 'waste not want not' with the Calamari ...and eat the legs as well as the tube!

If you catch a Calamari you have one of the seas finest offerings. One of the most magnificent dishes I have ever eaten was fresh Calamari stuffed with herbs and that wonderful Francais style cheese made from certified organic sheep milk sold at Salamanca markets. It is truly a match made in heaven!

I hope to have a firsthand International report on the fishing scene in the Mediterranean for the next edition of Fishing News.

Until then tight lines! Darryl Howlin

Fort Direction

There is a rumour that the Defence Dept. is trying to contract 42 buildings to be demolished. It is to be done quickly and quietly so the locals and the Council don't have time to protest.

However, the Clarence Council, Kaye McFarlane, Lin Thorp, Julie Collins, Stephen Smith and many others are now aware and it is very likely that it will now have to go to community consultation.

Note the time of the year however. Unpopular projects seem to turn up at this time of the year because the holiday season precludes contact with Govt. Depts and we ourselves are often on holidays!

Canal Estate Ban to Give Certainty

I am very pleased to announce that in the wake of the Tasmanian Planning Commission's rejection of the Lauderdale Quays canal estate proposal at Ralphs Bay, the State Government will move to ban canal estate developments in Tasmania.

The ban will give developers more certainty - saving them time and money - and help attract the best and most sustainable developments to Tasmania.

The Tasmanian community has spoken on this issue - with the overwhelming majority of public submissions opposed to the Ralphs Bay proposal.

ROBERT GOYNE

NOW WITH FALL REAL ESTATE

With Maryse running the Iron Pot Coffee Lounge it became obvious to me that I needed to join a Real Estate company that could provide the office back-up and computer skills needed. After 25 years of being a Real Estate consultant with Crowther Richards, my own company Sunny Real Estate and Insight Realty, I know the importance of local knowledge and how to promote the benefits of "Paradise Peninsula". I have helped many hundreds of residents of the area buy, sell, rent or stay and am freely available for queries and questions about Real Estate matters or local services. I will continue to do this as a sales consultant for Fall Real Estate and if you need any services call 62487666, mobile 0458653553 or any Fall office.

Back to South Arm Fun Day

This Newsletter is being finalized as the Fun Day closes, so this quick article is not comprehensive.

It really was a FUN day and the weather was kind. What a fantastic effort was put in by the groups and businesses who were represented with some truly amazing stalls and sites.

First thanks go to Dot Kelly for her organization of the event. Brilliant, Dot.

It was truly an economical family fun day and the free entertainment and goodies were appreciated by all. Thanks to all the site holders, shops and businesses who donated, and clubs / groups who participated in the spirit of things (loved the donkeys).

Thanks as well to the band Martinique for giving us such cheerful toe-tapping music.

Dot will be thanking people and we may have a couple of photos for the next Newsletter.

Gellibrand Vault (Arm End)

This 170yo monument sits on a small area of private land on the river side of Arm End Reserve. The descendants (now interstate) are trying to restore the vault and have employed a stone conservator.

Opossum Bay Coastcare group are helping them preserve this important historical feature by stabilising and regenerating the land around the vault. A fence has been erected to keep rabbits out so that plants can grow.

It is a VERY difficult site and Coastcare would appreciate it if people would not enter the fenced area for the foreseeable future. As soon as possible SAPRA will be erecting a sign at the top of the bank with the wording from the vault.

Do you know Bridal Creeper?

There was an interesting discussion with Sandy Leighton of Southern Tasmanian Weed Strategy at a combined Garden Club / Coastcare meeting in October.

Sandy showed us examples of Bridal Creeper (*Asparagus asparagoides*) a climbing plant that can cause a lot of problems. If we spot this plant, we should leave it in situ and report it to her 0437 450 143.

She also outlined a project that will come into force shortly to help us remove some of our Boneseed.

Both these weeds are classified as Weeds of National Significance.

See back page for Coastcare working bees.
